OF MONTANA STATE COLLEGE 1952

Foreword

Convinced by the economic stress and unrest of this decade that a practical college training helps us to cope with the problems of this era; we come to Montana State to get that training.

Athletics . . . another first down . . . jumping for the rebound . . . Social . . . dinners . . . teas . . . plays . . . dances. These are only a few activities that make Montana State . . . the college it is.

Memoriam

THE students of Montana State College respectfully devote this page of the 1952 Montanan to the memory of Dick Ball and Don Morris.

Dick Ball, from Great Falls, Montana, died June 9, 1951 as a result of an automobile accident which occurred south of Livingston.

Don Morris, sophomore from Shonkin, Montana, was killed in a snow slide January 6, 1952. Don and two companions were hunting south of Livingston when the tragedy took place. He was a member of Alpha Gamma Rho fraternity.

Administration

Every college has its administrative organization such as our student government, college administration, and department heads. They plan the work and solve the problems that confront the students.

Organizations

Friendship and good will result from student organizations such as fraternities, sororities, co-ops, and independent houses. These groups correlate studies, activities, and social life for the individual.

Clubs

Studying does not occupy all the students' time. There are many functions such as publications, music, dramatics, forensics, athletics, honoraries, and special days which help to make our school more harmonious.

Classes

Monday through Saturday, from September until June, for four years the students can be seen carrying the necessary equipment to their various classes.

CREDITS? Requirements? Snap Courses? Registration—the beginning of quarterly problems.

GOING to college—it's hard for the new freshman to believe that he could be part of an institution of higher learning. While he was in high school, college was something in the future, not too important at that time, for high school constituted all the activities and subjects in which he was interested. Now he has been accepted and arrived on the campus.

The view of several buildings, in place of the one he was accustomed to in high school, astounds and bewilders him. The question—How will I ever learn the names and what subjects are taught in them? In a daze he wanders to the dorm to which he was assigned—a bare room with the essential equipment, and three roommates.

Things could be better, but they could be worse.

Sitting down on his bed, he looks over the books, pamphlets, and forms that were sent to him. After reading this bulk material, he realizes that he hasn't considered his program of classes. Registration day arrives and he is confronted with books, starting requirements and numerous cards to be filled in with necessary information. After consulting his adviser the freshman follows instructions carefully and after an hour or so—he is fully registered for his classes. Looking at a schedule of lectures planned for the freshman, he decides to visit the greatly discussed coffee shop in the SUB. Here he finds fellows and girls running around with emblems and hats.

A LONG JOURNEY ahead as the Freshmen climb the hill to paint the "M".

THERE'S ALWAYS THE CHANCE to get acquainted at a Spur-Fang Mixer — with fun had by all.

He inquires at the SUB and a fellow frosh discloses that they are in the service organizations of the Campus; the Fangs is the boys' organization, the Spurs, the girls'.

The coffee shop is silent as the entrance of two lettermen is made. They have arrived the day before their registration; they are curious about prospects for the frosh football team this year. The Bobcats have a full schedule with many games at home.

The first day of classes and seeing all the upperclassmen on the campus keeps the frosh in an awe inspired daze. But soon the daze wears off—the endless task of themes, references and math problems keep the student busy.

Sorority and fraternity rushing help stress social life on the campus, both in organizations and in the houses. They, along with the Spur-Fang Mixer help acquaint the freshmen on the campus. But mid-quarters have arrived surprisingly and cramming for them results in sleepless nights and headaches.

But college is not all books and facts, there is the social life as well. The fall parties and firesides are functions put on by the sororities, fraternities, and co-ops, along with hayrides and mixers. M-day is one of the big days of fall quarter; the freshmen paint the "M" and then a mixer is held during the evening. With the numerous activities continually in progress, the fall quarter comes to an end and Christmas vacation brings a long restful vacation.

THE BEAUTIFUL Homecoming Queen and her attendants presiding over the Homecoming festivities.

SOPH-FROSH SCRAP—Pull-Tug-Groan. The battle is on between the freshman and sophomore classes with "survival for the fittest" as their motto.

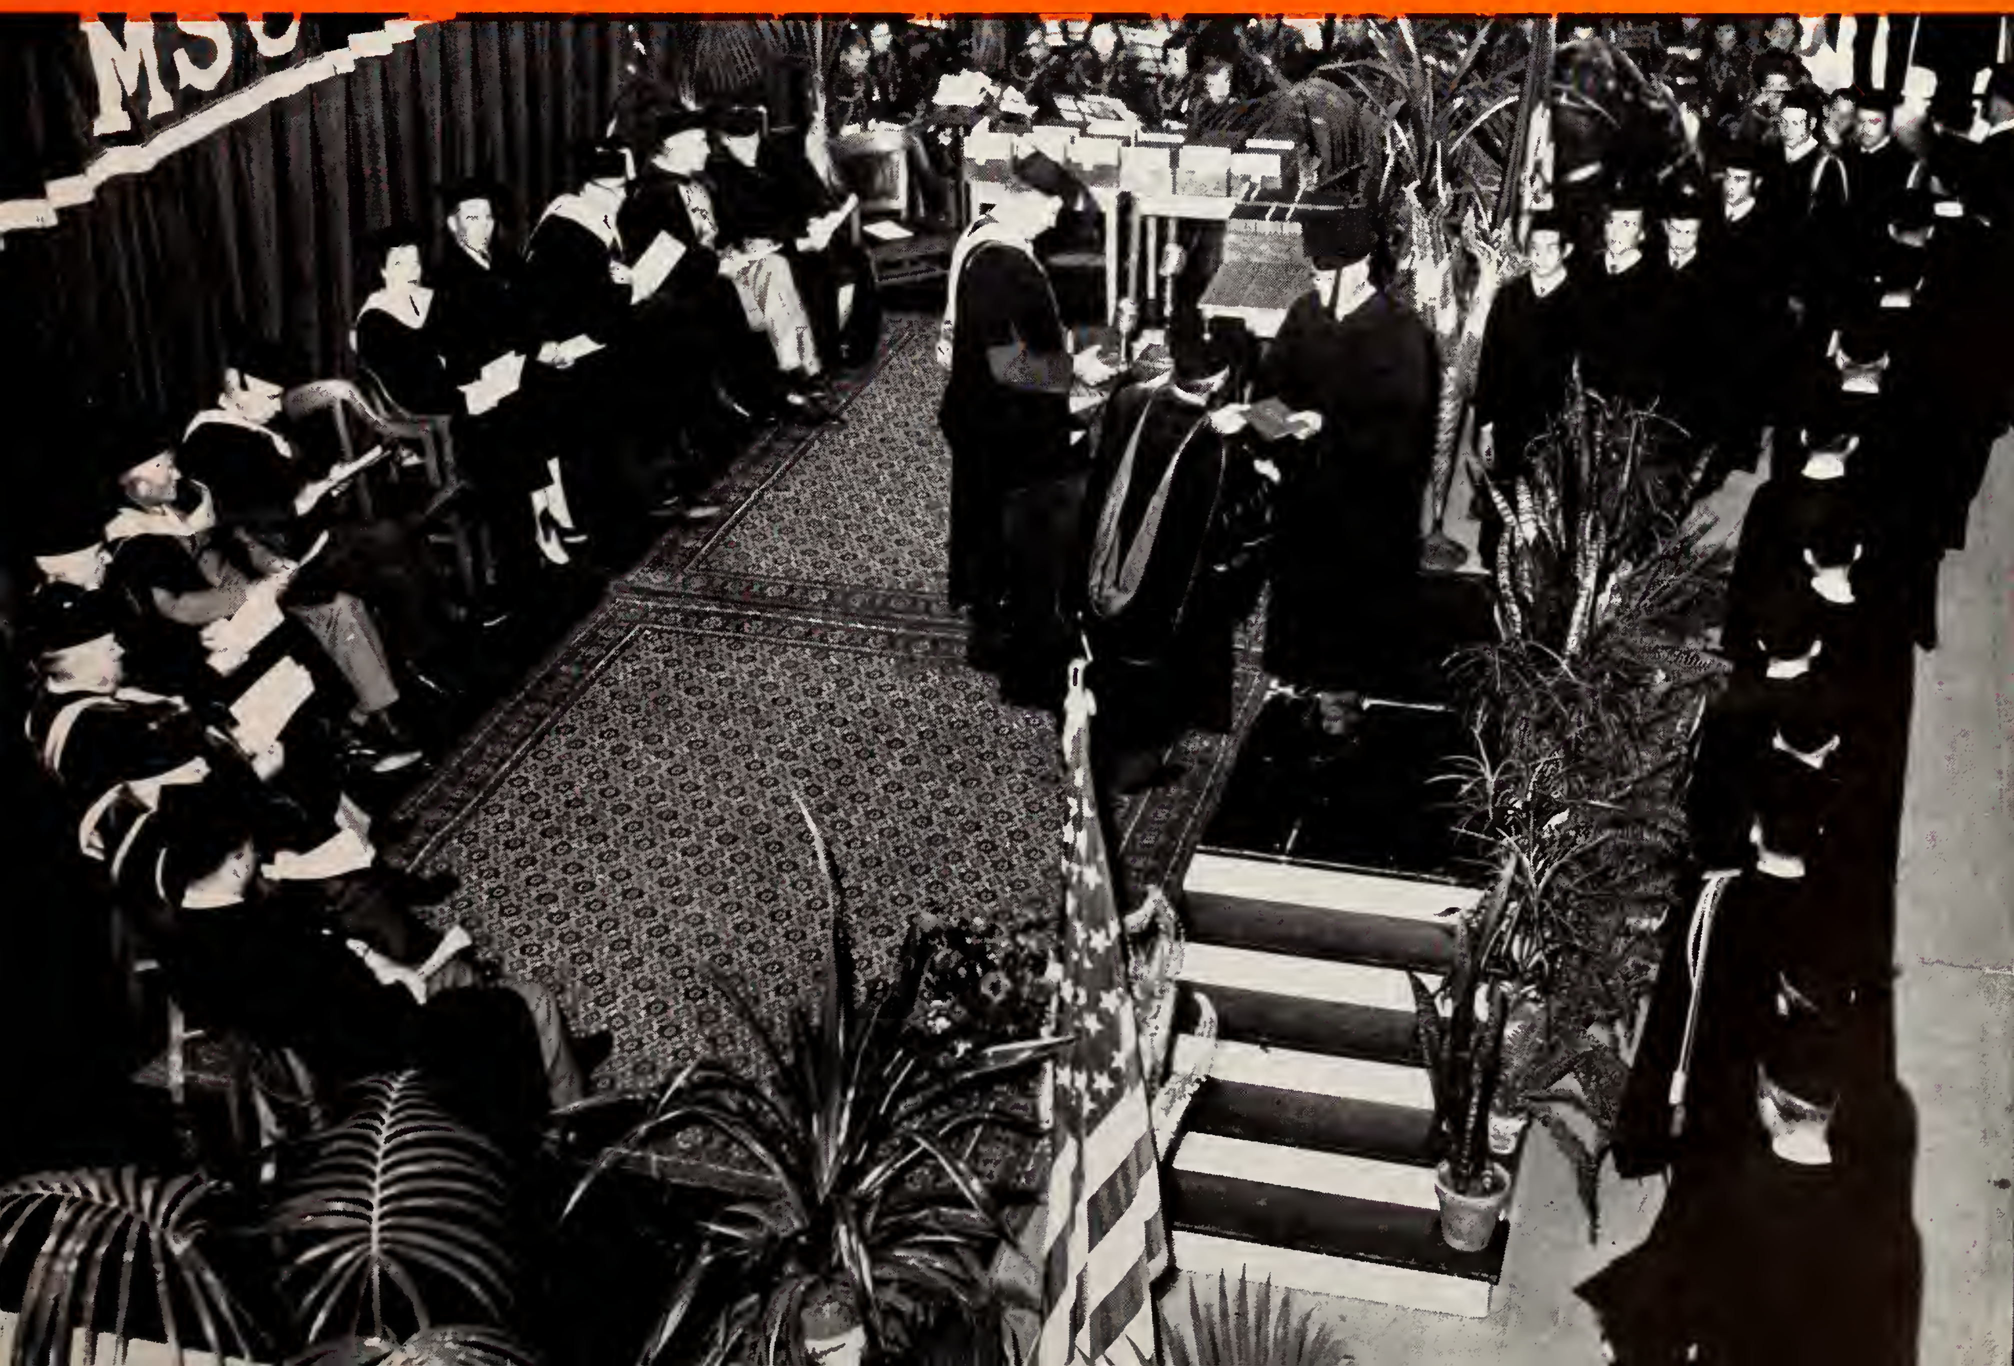
ROMANCE SEEMS to flourish without the spring atmosphere and Leap Year is in full swing — good luck, girls!

MAKEUP AND PROFS highlight the atmosphere of school plays and the Sock and Buskin Club.

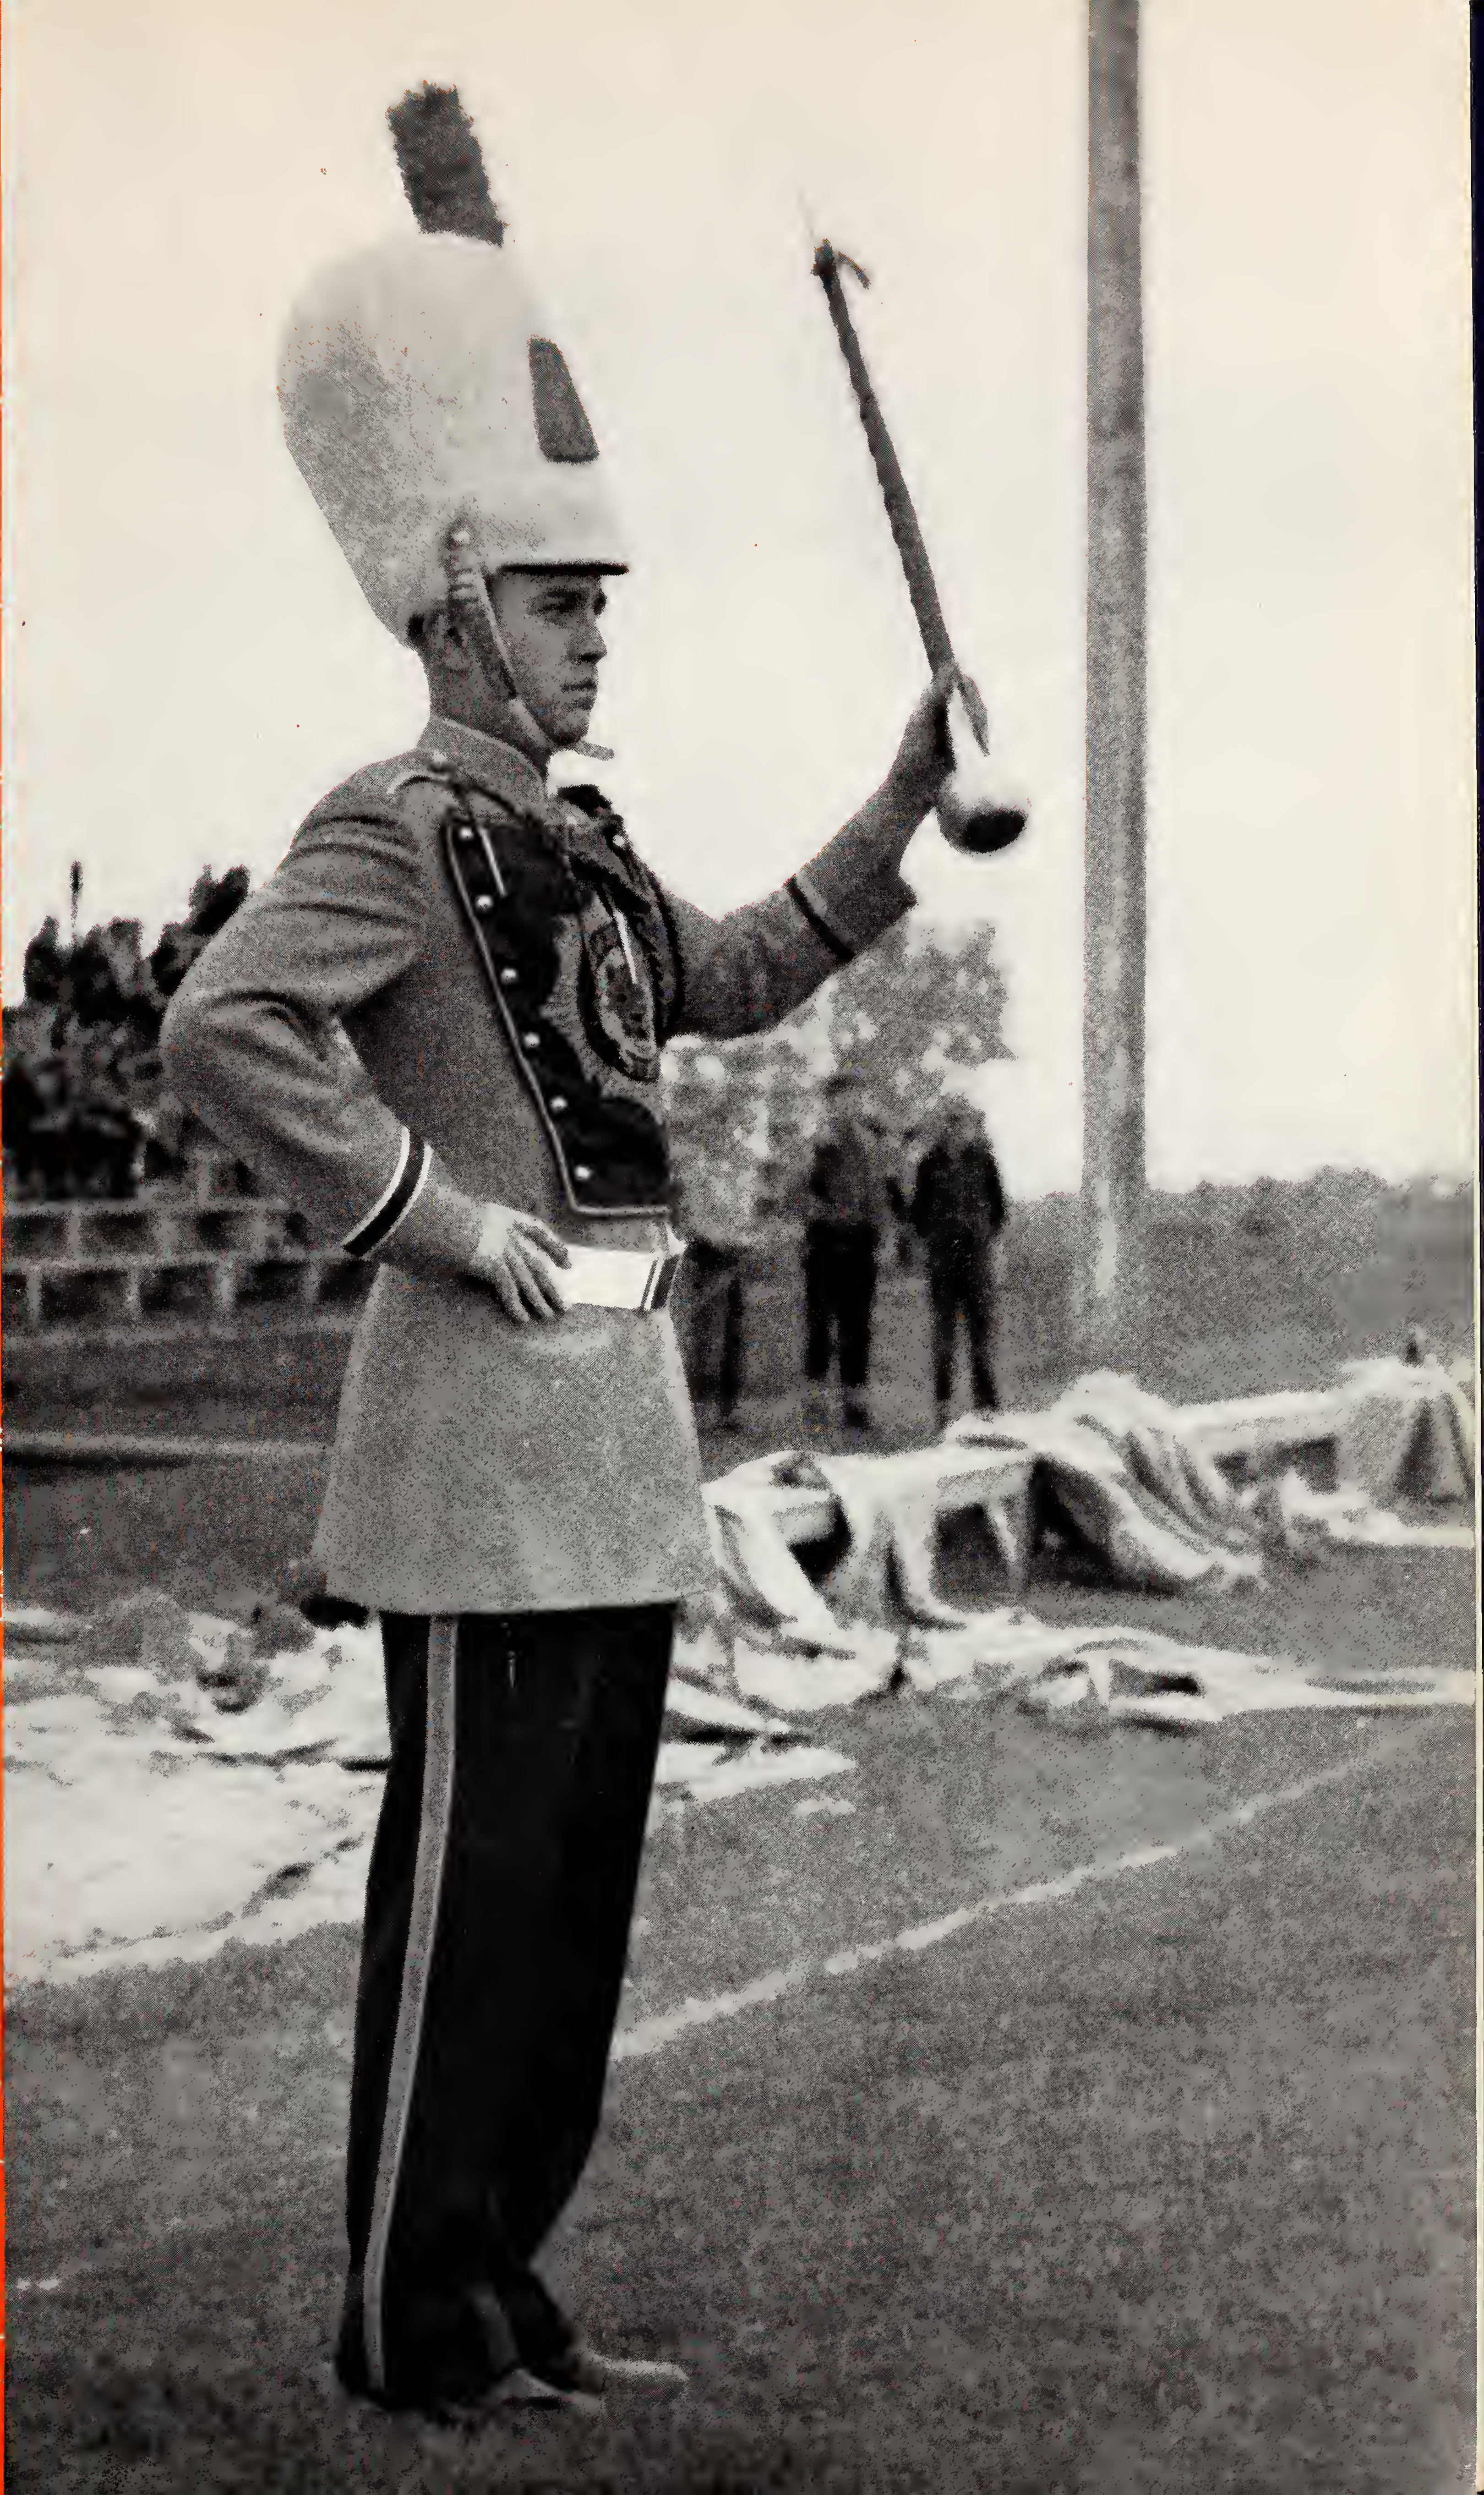
Refreshed from three weeks of leisure, students rush from home to get back in the swing with school activities. By January, the snow is deep and the ski enthusiast gathers his apparel, remembering the broken ankle last fall. But he has renewed interest and a solution for his mistake last year. And the basketball games bring loud cheers as the Bobcats had numerous victories and went to the NAIB in Kansas City, Missouri, When the team is on the road, school plays, concerts, and drives keep the students working. Of course, there are the Winter parties and formals of the Les Bouffons, Mortar Board, Derby Dance, and also more firesides and sleigh rides.

When the quarter ends, spring vacation is composed of ski trips, or trips to the land of sunshine. A brief ten-day rest and everyone comes back to the land of snowdrifts — MSC. While all the activities are in full swing, the seniors study and wait for the big day—counting credits and points. But spring quarter has more to look forward to—picnics, hikes, and sun tans. Of course, Saturdays are reserved for the spring parties. The Junior Prom highlights the quarter as its spring formal. Women's Day arrives with the tapping of Spur pledges and giving honors received during the year. And then, the seniors say farewell on Graduation Day; the quarter ends and summer vacation — jobs — fun — and looking forward to another school year.

WITH REMINISCENCE over the 4 years of school—or 5—and graduation day has come. A tearful eye—a fond good-bye—a start for the life ahead.



Administration



P. C. GAINES is the Acting President of Montana State College. He came to Montana State in 1923 as an instructor in Chemistry; he was named Professor in that Department in 1941 and was promoted in 1946 to Professor and Head of the Chemistry Department. Dr. Gaines was inaugurated as Vice President and is Acting President in the absence of Dr. Roland R. Renne who is in the Philippines.

ASSOCIATED STUDENTS

JIM HOINESS, an Ag Econ major from Billings, is the President of The Associated Students. He is a member of Les Buffon, was a Fang, and also was president of the SAEs, these being a few of his many activities.

The Associated Students has as its governing body the Student Senate, which determines the school parties and appropriates the student activity fee for the various school activities. It was commissioned in the spring of 1931 to prepare a complete student handbook containing the essential information concerning student life at MSC.

JEAN THOMAS, Secretary of The Associated Students, and is a very busy little miss; such activities as corresponding secretary of Phi Upsilon Omicron, basketball and tennis manager of WAA, Yearbook chairman of the Home Economics Club, and house manager of AGD comprise her busy schedule.

JOHN "SAM" ROSE is Vice President and hails from Choteau. Sam is majoring in Fish and Wildlife. He is kept quite busy with his many activities, a few of them being President of AGR, Homecoming Chairman, and IFC.

ASSOCIATED WOMEN STUDENTS

The Associated Women Students is the governing body of the campus rules for all women students and takes care of the Big Little Sister Tea each year. It also manages Women's Day, which features as guest speaker the most outstanding senior woman of five years ago. This year Martha Wright was the guest speaker at the annual Women's Day ceremonies.

BEV BARINGER, The Associated Women Students president, is one of the outstanding seniors of the year. A member of AGD, she was active in Spurs, Saberettes, WAA, 4-H, along with such honoraries as Phi Upsilon Omicron, Mu Beta Beta, and Who's Who.

THELMA HAIGH is the vice president
The Associated Women Students. She
as active in Spurs, Mortar Board, and
esident of Saberettes. Her honoraries in-
ude Delta Phi Delta, Mu Sigma Alpha,

FIRST ROW—J. D. Hoiness, John M. Rose, Jeannie Thomas, Don Elwell, Bill Fouse, Dave Andrew, Bud Yost, Barbara Miller Burnett, Doris Palmer, Bev Baringer.

The Student Senate is composed of class presidents, the editors of the publications, the president of Fangs and Spurs, the commissioners of various activities, yell queen, President of the Independents, AWS president, the president and vice-president of Associated Students, and other representatives. This group does the planning of student activity fee, and annually finances the statewide tours of three student musical groups. The Senate directs the traditional "M" Days for repairing the "M" and campus clean-up during fall and spring quarters. They also plan and execute Freshman Week and High School Week. A lot of work is put out by this most capable group.

THE COMMITTEES

THE STUDENT FACULTY RELATIONS COMMITTEE—The Student Faculty Relations is a committee composed of faculty members appointed by the President and student members appointed by the President of the student body. This committee can receive suggestions on gripes from anyone on the campus, the gripes must be also signed.

THE BOOK STORE BOARD—The Book Store Board has its home in the Student Union; it is a student owned corporation, and all of the clerks are students. It has the responsibility of providing students with books of all kinds and descriptions. Stationary and other items for the convenience of the students.

THE BOARD OF PUBLICATIONS—The Board of Publications is composed of the commissioner of publications, the president of the associated students, the editor-in-chief of each student publication recognized by the Senate, and the faculty advisor appointed by the President to each recognized student publication.

HAMILTON HALL

Hamilton Hall was constructed and opened for use in December, 1910, for freshman girls; it now houses the greatest percentage of freshman girls. "Ham Hall," as it is called, is a great attraction to the male population on this campus. It is conveniently located in the heart of the campus, making campus walking enjoyable. It is across the road from the Library and Student Union Building, encouraging "Subology" and studying. The girls are under the guidance of a house-mother and two counselors. Packed full of fun and studying, Ham Hall takes its place in every girl's heart.

THE 1952

DON COPLEY
Editor

Don is an energetic AGR from Conrad, whose light green Chev can be seen parked in front of the SUB. Come rain or shine, and snow storms, he is always at the office patiently waiting for the typist and copy to show up. In his quiet manner, he is ever hoping that the yearbook will come out on time while driving his crew on.

The Montanan office is never a quiet place for those who are working. From the time that the new book is in the idea stage until it is presented to the students, the office is open day and night. The publishing of the Montanan is an exciting and strenuous task on the part of the staff. The editor suffers untold actual and fantastic worries as he watches his ideas develop into the well planned pages of the book. There are numerous, anxious and trying times when people don't show up for pictures, the copy doesn't get

MONTANAN

Don Elwell, a Havre man, liked the job of Business Manager well enough last year to come back again. It's been a big help to have an experienced person in control of the purse strings. Don knew the ropes this year and was able to anticipate some of the difficulties. As a result, his job was tops.

in, and engravings aren't back to meet deadlines. The editor never gives up, however, and his motto is "try, try, again." The business manager has all the nagging headaches of the financial side of the publication. Stretching the budget gets to be quite a game at times, but he always seems to come out the winner. Finally, with a sigh of relief, the entire book is completed—it's the happiest day of the year.

MONTANA

SANNA GREEN AND JEANNE KELLOGG
Co-Editors

Sanna and Jeanne are the able co-editors of the Montana Exponent this year, taking full responsibility for the weekly scandal sheet. Sanna hails from Ashland, while Jeanne is from Billings. It has always been said that these two are the busiest gals on campus.

The Exponent, weekly student paper, contains news items, notices, jokes, and all very pertinent material that will keep the students well informed. This paper is supported through student activity fees, advertising, and subscriptions. The co-editors and their staff have done a nice job on the paper, increasing the number of pictures and always putting all important articles of information in key positions. It can also be said that the Exponent is not edited by journalism students, but by anyone in any curriculum who can keep up with the rigid pace. Two swell gals have done a real grand job.

EXPONENT

DAVE PARKER
Business Manager

One of the most agreeable men on campus, where there is money involved, is Dave Parker, Business Manager of the Exponent. Dave always has a big smile for everyone and claims his hometown to be Fishtail. He is ever on the alert for a new money making deal of any size, shape, or form.

Long hours of work are put in by both the news and business staffs in order to put out a top-notch publication. Almost anytime during the week you can find someone working up in the office. Every year keys are given to those students who have worked for a whole year. These keys are given by the Exponent Editor at a special publications' awards assembly held the first of Spring quarter. Late in the spring, after all the work on the Exponent is finished, the whole staff takes off on a picnic. This gives them a chance to relax until next year and time to train in a new staff. Thanks for a real fine publication this year, kids.

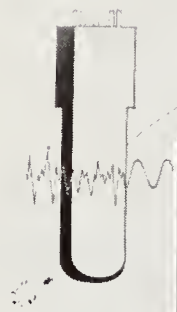
MONTANA ENGINEER



BILL FOUSE
Editor

BOB PETERSON
Business Manager

Bill Fouse, the engineer-in-chief of the engineers' paper, hails from the well-known town of Belfry. He hangs his hat at the SAE house when he's not working industriously on the paper. He loves to talk and go on a party or two.

Bob Peterson, business manager of the Engineer, also spends some of his spare time at the SAE house. He claims Cut Bank as his home country. In his quiet way, he is well known on the campus and likes a good old fashion party—occasionally.

The Montana Engineer is supported by student activity fees, subscriptions and advertising. It comes out quarterly and sure measures up to the strict requirements of the Engineering College Magazines Associated.

Although it is unknown to the majority of M.S.C. students, the first issue was published in the spring of 1936 and is one of the best campus publications. Under Bill's supervision and Bob's management, it has continued to be tops.

Erle Gross is the worrier of this magazine. As financial wizard, he kept the money coming in and going out. Erle is from Wyola. He spends most of his time up in the Farmer office, but if he isn't there, try the AGR house.

John Bawden, the Aggie-in-chief of the Farmer publication, is known for his quiet and easy going manner. He hails from the thriving metropolis of Fairview and is an AGR. He smiles when all's well, but he gives his opinion otherwise.

Business Manager

JOHN BAWDEN
Editor

The College Farmer, a campus publication that has articles and news of interest to everyone, is put out by the agricultural students enrolled at M.S.C. Since its establishment in 1947, this magazine has enlarged and taken in more material, pictures, and advertisements; and is now a fine publication.

The Farmer comes out four times a year and is financed by subscriptions and advertisements. Each issue gives a thorough coverage to some special county.

QUEENS

Miss Kathy Whelan

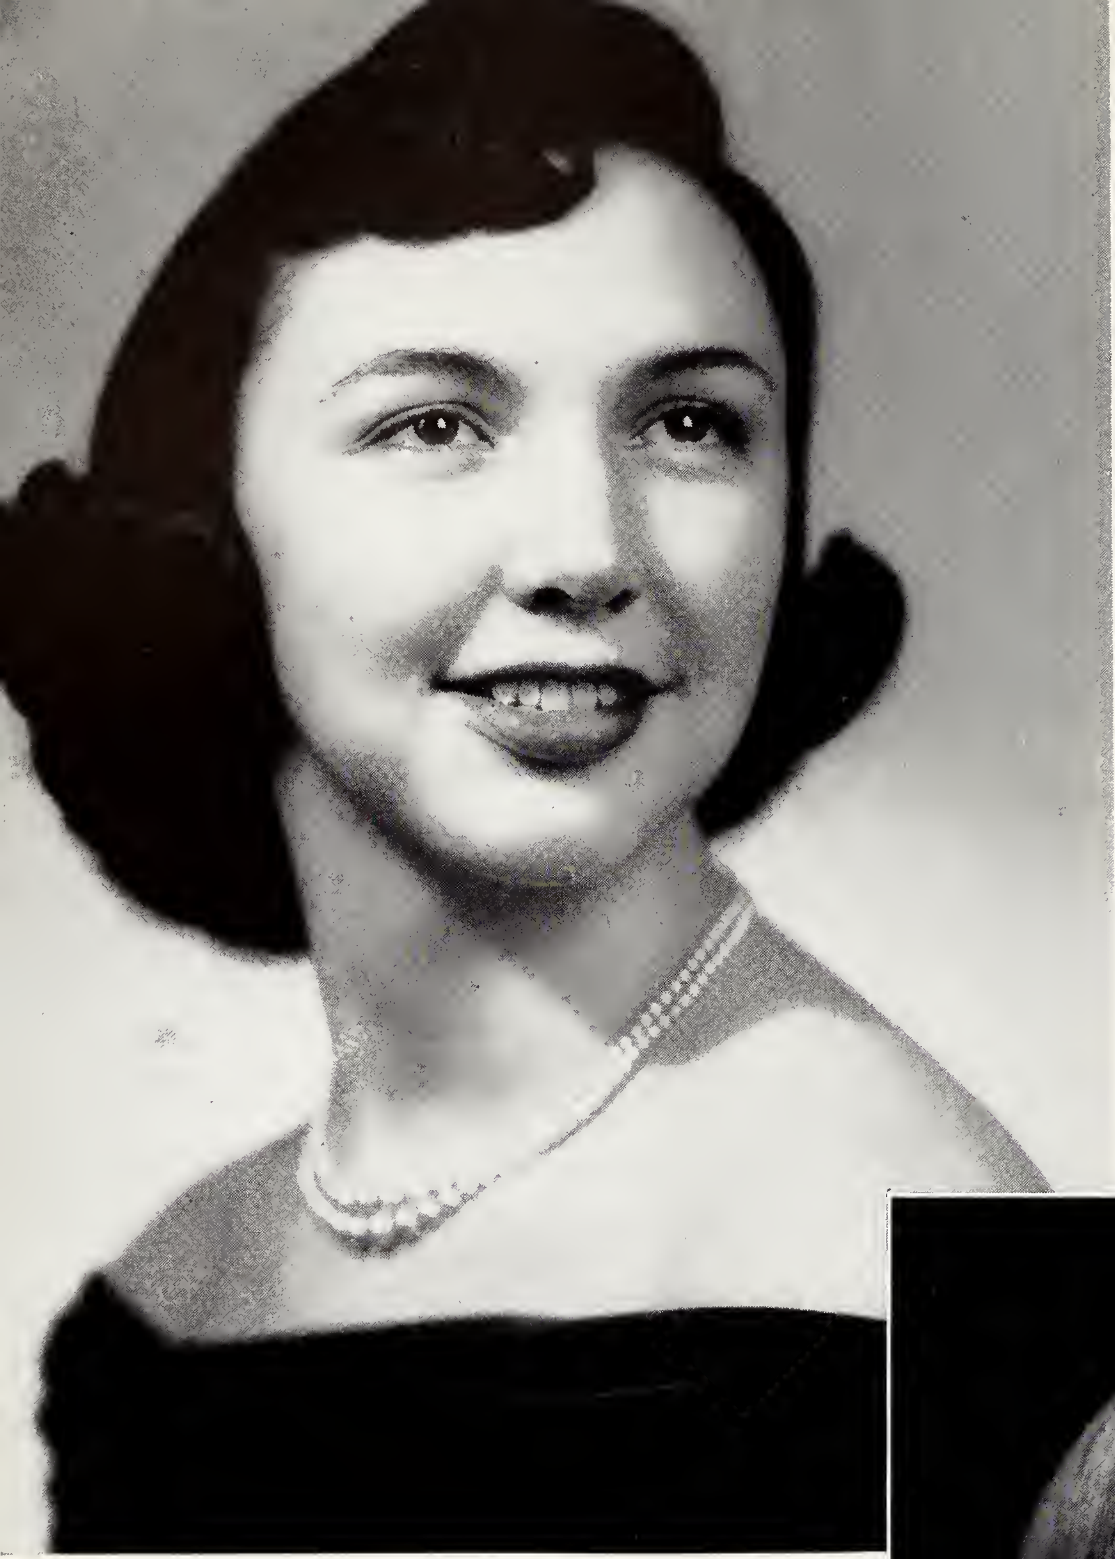
JUNIOR PROM QUEEN

Each spring quarter the juniors hold their Junior Prom. Candidates from senior girls vie for Queen of the Prom.

Miss Nola Faulkner

HARVEST BALL QUEEN

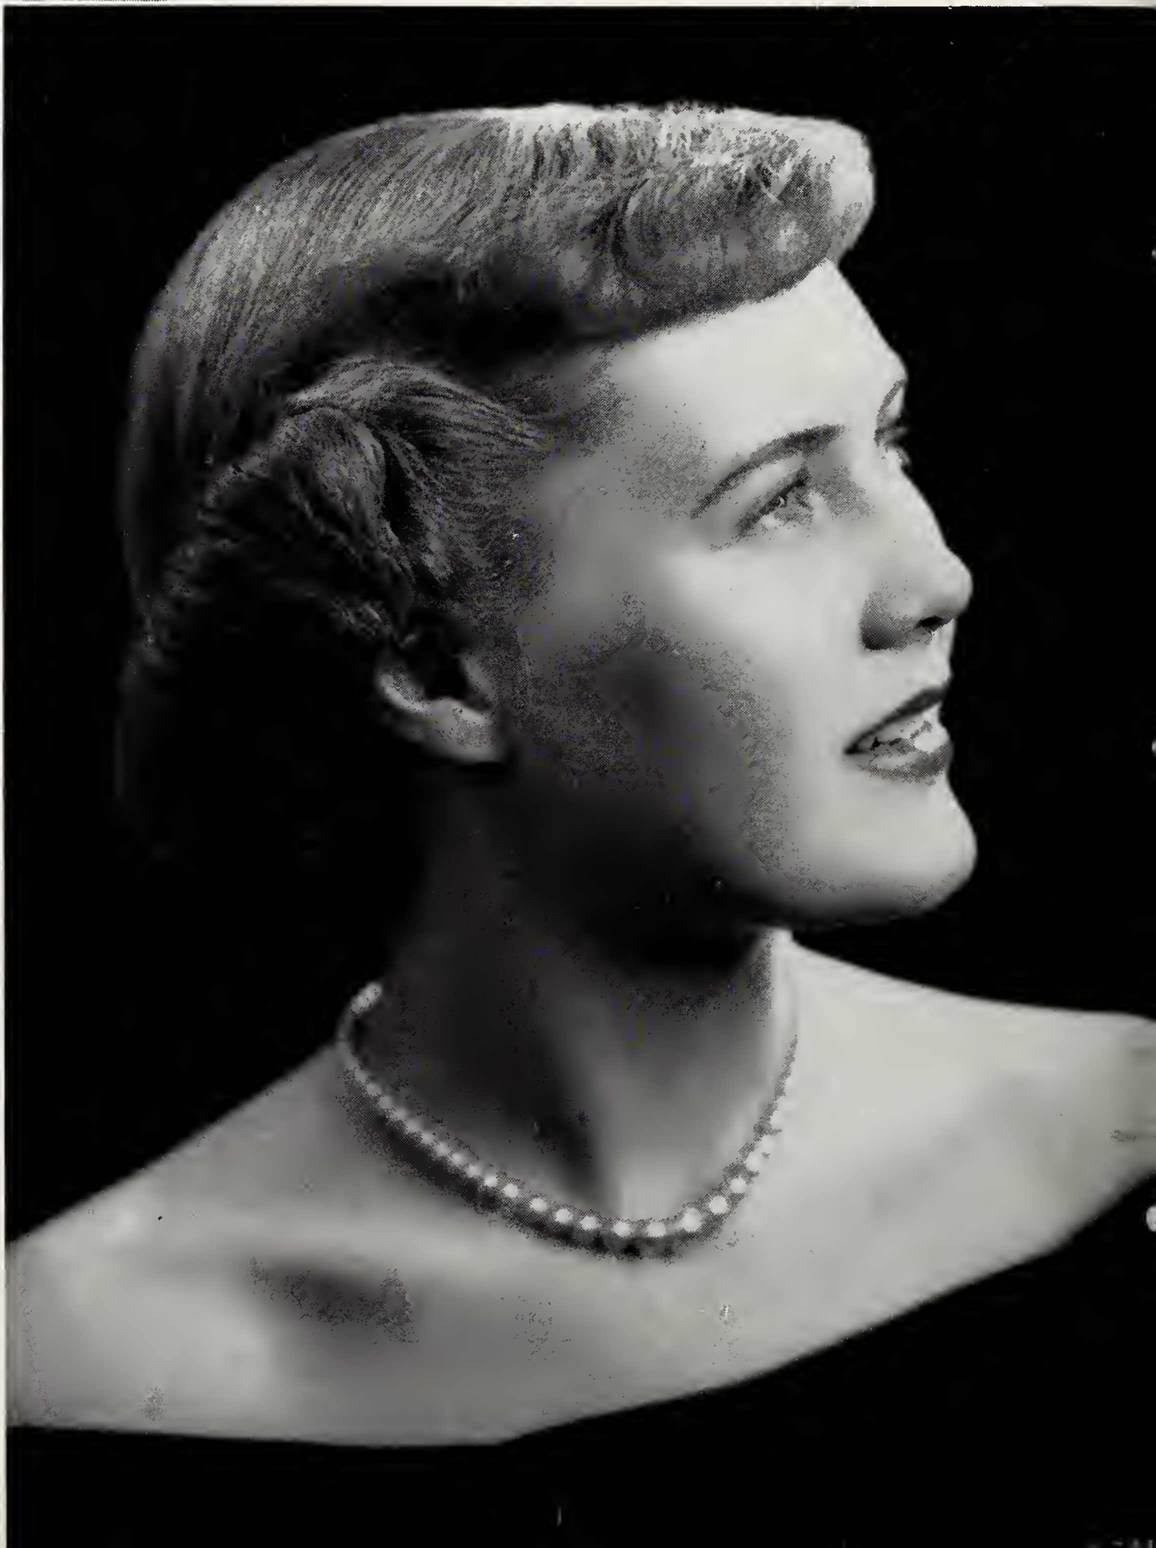
The Ag Club sponsors the all-school Harvest Ball. At this time a Queen is selected to reign over their festivities.



Miss Edith Johnston

SPUR OF THE MOMENT

The Fangs have the honor of selecting a Spur which in their opinion is most representative of this service organization.



Miss Patricia Nelson

HOMECOMING QUEEN

Homecoming Queen is chosen by the entire school to officiate over the many activities and events during Homecoming.

Miss Sanna Green

LES BOUFFONS QUEEN

The Les Bouffons is a social organization, the oldest honorary on this campus. Their Queen is announced at the Les Buff dance.

BOBCAT BAND

Our Bobcat Band is known as one of the finest bands in the Northwest. Officiating at the games and marching in parades, their appearance is sharp and snappy in their gold and blue uniforms. In addition there is the Brass Sextet composed of some of its members who provide comedy and syncopated rhythm. The band also goes on a tour in a different part of the state each spring. They usually have their annual band party somewhere en route.

THIS IS A SMALL PORTION of the band playing at one of the basketball games.

SYMPHONIC BAND

The Symphonic Band, one of the finest musical groups in the state, is composed of eighty members. It is organized on the basis of the code adopted by the College Band Director's National Association. This band has a three-fold purpose. That is—service to the students, service to the institution, and service to the art. They play classical and contemporary music and participate in a tour somewhere in the state each spring.

BRASS SEXTET—Concerts are in good order and they are sure successful.

MUSIC MAESTRO, PLEASE! Surely you can get some kind of music from all that!

VIOLIN—Lloyd Hammond, Karl Mucenieks, Paul Nuffer, Mrs. Marjorie Waller, John Bader, Mrs. Dorris Wilson, Mrs. Barbara Burnett, Donald Giroux, Mary Hunt, John D. Fry, Jim Peterson, Chad Groth. PIANO—Joan Kimball Cunningham.

ORCHESTRA

Each season finds the M.S.C. Orchestra taking a greater part in college activity. Through the efforts of the students and the able direction of Mr. Sedivy, the standards of artistic excellence are constantly improving.

The orchestra plays at the Christmas Sing as a finale to Fall quarter. During the Spring quarter, it presents a Spring Concert and goes on a tour. Membership this past year has been made up of students and down town folks.

CONCERT CHORUS

The Concert Chorus is composed of those students who sincerely receive enjoyment from singing. Not only do they get pleasure from their informal practices, but they also accomplish a great deal. They sing at music meets, put on concerts, and sing at assemblies. They are always willing to sing for different occasions that come up. Each spring they have a tour in a different part of the state.

SING, SING,—the Quartet is in good voice. Have they got rhythm.

SWEET AND LOVELY! Mr. Sandvig is able to get real music from this chorus.

FRESHMAN WEEK

Freshman week is an orientation period for the freshmen before the upperclassmen come back to the campus. The brand new students searching for knowledge are given lectures on how to study, work, and behave. Then come various types of tests to try their mental skills. Next, with moans and groans, the physical exams. What an ordeal! During this week, the freshmen have a chance to become acquainted with the campus, their roommates, the SUB, and college life in general. The Spurs and Fangs are always in evidence to help out and they sponsor a special mixer to help the boys meet the girls and visa-versa. Once through this week, however, no one ever seems to want to try it again. It must be quite a chore.

THE FIRST SPUR-FANG MIXER—Clad in their popular green beanies, Freshmen trip the light fantastic to get acquainted.

THIS IS THE ATTEMPT of a Spur to get the guys and gals acquainted. Is the lad on the couch bored, asleep or overcome?

NEAT LITTLE CHOW LINE — a group of Freshmen lovelies engrossed in eating at the Frosh picnic.

STRICTLY MAN TO MAN TALK—Don't know who's telling who what, but it doesn't seem to be too dry.

PAY FEES AT THESE TABLES

THE PROFS seem tired and weary, ready to see the end of the day. Coffee and doughnuts help pass the time away.

ANYONE FOR CARDS? Show this card, give that card, take this card, leave that card. I pass.

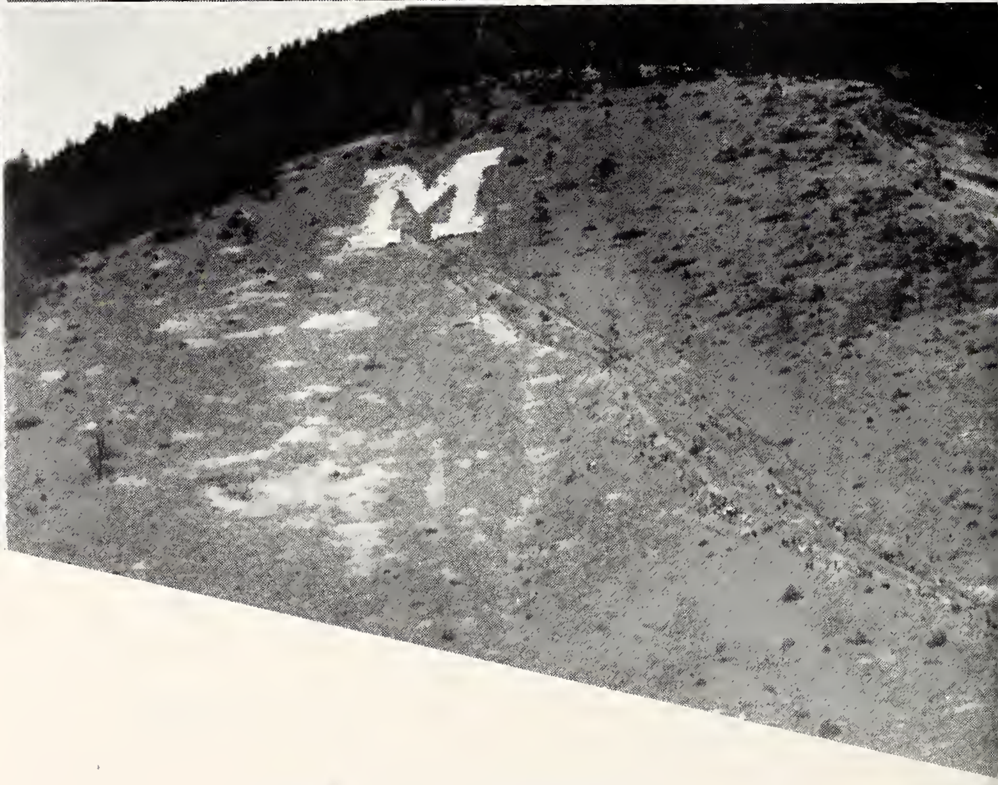
LET ME CHECK YOUR NUMBER, please. Form a line to the right and avoid all commotion, this won't take long.

HOW—WHERE—WHY? Subjects in chronological order, classes in alphabetical order; I wonder what order I'm in right now?

Registration—the simple yet confusing part of college life. Every student who enrolls on this campus experiences it three times a year and approaches it with caution.

From early morning to late afternoon students can be seen walking or running to the gym loaded with cards and manuals and class schedules. After their registration cards are checked and they have seen their advisors, each student settles down and proceeds to plan and balance a fairly decent schedule. The battle has just begun—now the student heads for the lower gym to sign up for his classes. The last line is for a fees and housing check; the end of the line and the end of the bank roll. Registration completed—a pale and weary student leaves the building, ready to start a new quarter.

REGISTRATION



THIS FELLOW GOT IN THE WAY OF THE BROOM. By the way, the other fellow looks like he had the same trouble.

THIS HAPPY HIKING CREW is voluntarily going on a compulsory crusade. The "M" looks so nice with a clean face.

WHOOPS! LOOK OUT BELOW! Let's don't be one-way about this, whatever goes up must come down in the end.

THERE'S A LONG TRAIL AWINDING, but at the top is the good old "M". They expect us to work after we get up? Is it possible?

With cherished memories of high school days and painting the letter on the hill, the freshmen and sophomores look forward to M Day. Not only do they look forward to climbing the steep hill, but there are no classes held that day. The holiday begins at dawn when both classes arise and drive out to the hill. The girls carry the brooms and the boys are elected to carry the white wash. At first, there are no moans and groans at the bottom of the hill, but when some have managed to ascend half-way, they feel their backs begin to break. After the long trek up, all they have to do is lug stones into place and give them a good paint job. It's almost a toss-up to see who gets the best paint job, the M or the Frosh. If and when the youngsters get down, they are given a picnic lunch.

M DAY

VARIETY SHOW

Each year during the Homecoming celebration, we have some good old hometown talent with everyone getting in the show, and believe us, everyone does. The name of the show authentically has the correct terminology—there is variety that has never been used before! We have had ironical, satirical, humorous, and all other kinds of skits, songs, solos, and jokes. The entire school and all of the alums turn out in good numbers and they really enjoy the lighter moments that are provided by the students. The master or mistress of ceremonies adds much to the general color of the Homecoming Variety Show. This has always been one of the main events during Homecoming and this year the Homecoming Queen was announced at this event. The entries for the show are usually sponsored by organized houses.

THE FABULOUS FOUR are at it again. A program without these fellows is really lost.

THESE WEIRDLY DRESSED FELLOWS compose the German Band whose popular demand is ever increasing.

THIS FRESHMEN TRIO, dressed definitely as cowboys, seem to represent the Andrew sisters with their ukes.

BABY DICK PULIS CRAWLS up to his mother in an old melodrama, which provided laughs for all.

HOMECOMING

Homecoming Day is the big event of Fall quarter. This is the day the M.S.C. Bobcats met the M.S.U. Grizzlies in the traditional football scrimmage. This is not only a memorial day for the college students, but for the alums, it is a day of old-time reunion.

Homecoming would be incomplete without a queen to reign over the festivities, so each house selects a girl to represent them in a general election. The student body picks the loveliest. The choice is a difficult and tedious one, as every student knows.

Planning for this great day is started at the beginning of Fall quarter. Outstanding students are chosen to head the many committees which make this day possible. It's a lot of work for loads of people, but the results are rewarding.

CATCH THAT BOY before he makes a touchdown. The muddy field doesn't seem to stop him, either.

SMILE PRETTY FOR THE BIRDIE, boys. This is the big Homecoming Day for M.S.C. with snowy weather as a major obstacle.

HERE'S THE PRIZE WINNING FLOAT at Homecoming. Hats off to the Pi Kap's who claim the honors.

BEEN ON THE MOVE, BORDER! Winning the Cross-Country Race doesn't seem to bother your motor much.

HOMECOMING QUEEN, Pat Nelson, with her two attendents, Anna Ronning and Thelma Haigh, passes in review.

THE FLOATS ASSEMBLE for the big parade. The line forms to the right. Who knows who will be the lucky group.

MONTANA TREASURE FIELDS by the Lambda Chi's took second place. Lots of work with beautiful results.

THE SAE'S FLOAT represented the mountains of Montana. The State emblem on the side made for a color affect.

Another challenge on this day is to see which organization has the most artistic and original float in the big parade. Those who put forth the effort usually place in the top three places. Every year a general theme is chosen and it's fun to see who portrays it best by their float.

The football game is not the only exercise for the day. An all school Cross-Country Race is run in the morning, with cheers from friends and supporters. While the crowd awaits the return of the runners, the annual Tug of War is held between the Sophomores and the Freshman. If the Freshman win, they can toss their green beanies in the drawer until Spring quarter.

The Homecoming dance brings a gala occasion to a dreamy close. Happy memories will be taken home, not to be renewed for another year.

HOMECOMING

HIT IT WITH A TRUMP! Never a dull moment. Not even while waiting for cues. Forget more cues this way.

WHERE AM I? Don't ask silly questions, stupe, this is the "Time of Your Life." Start in livin'.

ALL RIGHT SISTER, gimme the dope, see! Move along, Buster, I didn't ask ya to take the weight off your feet.

NO FOUNDATION, ALL THE WAY DOWN THE LINE. Cute kid, but you better send her home where the air is fresher.

Above are some shots of the Fall quarter play, THE TIME OF YOUR LIFE by William Saroyan. The M.S.C. Dramatics Department puts on three major productions every year, fall, winter and spring quarters. This year they revived an old practice of presenting a series of three one-act plays during each quarter, too. These plays were picked and directed by college students under the supervision of one faculty member. All in all, everyone enjoyed working on them.

DRAMATICS

DRAMATICS

Along with all the acting goes all kinds of back stage work. All the sets are made in the Play Lab by those students taking Play Production. Sock and Buskin members can secure points from back stage work and apply them towards Alpha Psi Omega membership. Also, Alpha Psi members can work behind the scenes when they need points to uphold their membership. Back stage work is one of the most important parts of a finished play. Lots of credit goes to the technical crews.

HOW HIGH IS UP? Don't know that she can tell it that way, but maybe a guess is good enough.

WHAT'S THE MATTER, HONEY, don't things measure up to par? You must be able to find a solution some way.

WILL HE FIT? It wouldn't look very good if the door didn't come to like it's supposed to.

CUT IT DOWN TO YOUR SIZE. That's the ticket. If at first you don't succeed, try, try again.

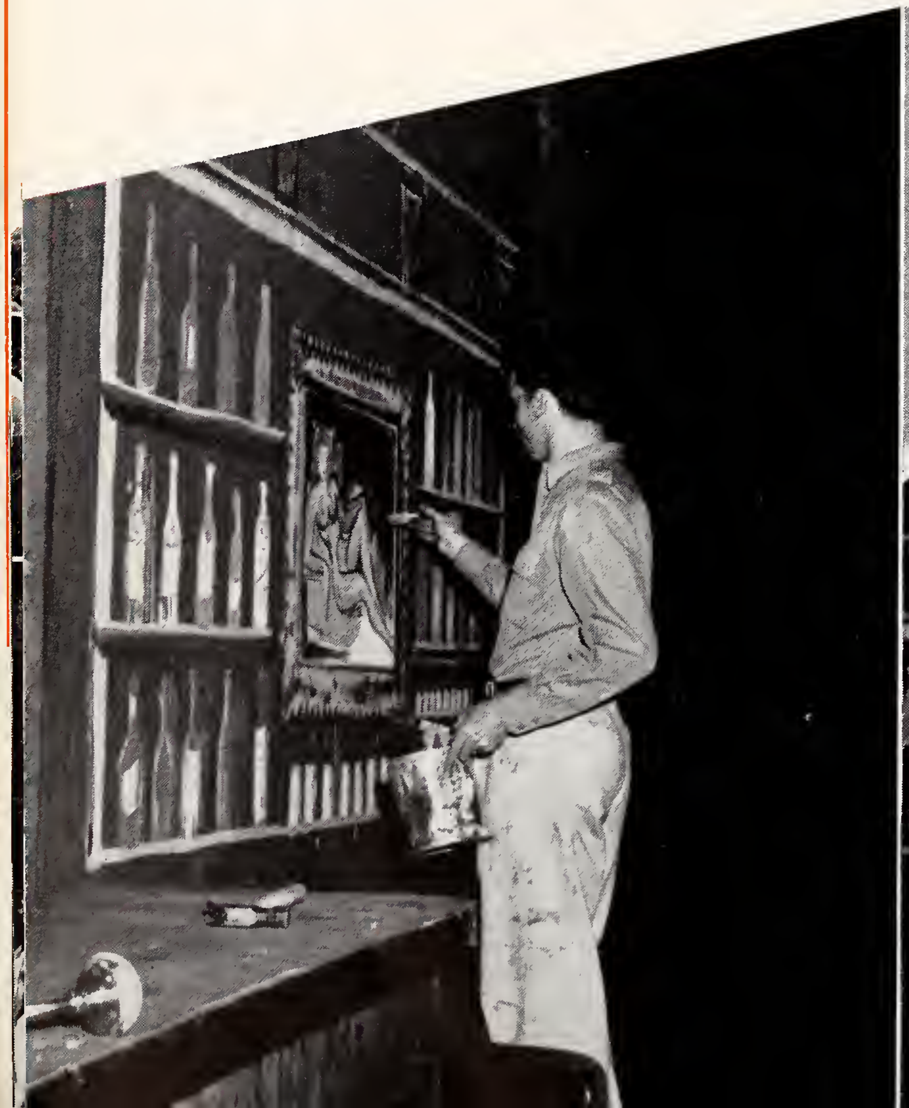
DRAMATICS

The Winter quarter play was "Billy the Kid." It was full of blood and thunder and drinking and shooting. Nothing like a good old western melodrama to liven up the season. It gave many students the opportunity to show off their talents in a variety of ways. The sets were quite outstanding and from the audience they looked real. The old fashion costumes helped to make it a success.

WHO'S WHO? Oh, it's Billy in some kind of a disguise. Looks like he changed his title to Sunbonnet Sue.

HANDS OFF, YOU BRUTE! Help! Save me—Billy, Billy, where are you, now that I need you!

MAESTRO NEWTON WIELDS A WICKED PAINT BRUSH! He seems to be quite adept at painting—everything.



STOP, YOU CRUEL, CRUEL MAN! Don't you know that's not polite? Get out of here before I call my husband.

ONE, TWO, THREE — FLIP. It's never very smart to mix with some guy that's about twice as big as you.

SOMETHING IN YOUR DRINK, BILLY? Or are you suspicious of a man under a table? Isn't there always one there?

FREE FOR ALL! Let's not get too excited now, boys. Just a friendly little bout of fisticuffs.

Joe Fitch, Drama Director, left us after the first two plays of the season. He was called back into the Marines at the end of the Winter quarter. He took off, bag and baggage, right after the play. He thought he could play it safe that way. You can be sure that it was a very sad play crew who saw Joe off. We thank him for all he did and the fun we had. See ya again soon, Joe.

DRAMATICS

PROPOSED SITE
DANFORTH CHAPEL

IN THE BEGINNING things don't really look like too much. The rocks will make a firm foundation.

CLEAR SKIES AND MORE WORK. Lots of work and lots of time, but they say worthwhile things take time.

COME WIND, SNOW, OR RAIN, there's always someone working on the Chapel and doing a fine job.

LITTLE BY LITTLE a beautiful project is forming. It will look lovely in the Spring.

The Danforth Chapel is being constructed on our campus as a quiet place where students and faculty members may have temporary retreat from the routine of college life, and a silent encounter with their God. The Danforth Foundation contributes $5,000 towards building a Chapel on the campus of a college or university and $15,000 must be provided by individuals and groups as donations or memorials to loved ones. Plans for the Chapel started in 1949 and each Fall and Spring quarter all houses contribtue some type of work to help in the completion of the Chapel. It will be a beautiful place for meditation and the many students who have worked on it can be proud of the accomplishment.

DANFORTH CHAPEL

CHRISTMAS SING

Just before finals of Fall quarter all the houses on the campus participate in a Christmas Sing. Each house selects a Christmas song and composes their own style for it. The general idea is to see who has the most original style and best presentation. Also each one tries to keep their ideas secret, and then it is a surprise to the other participants as well as the audience. After weeks of practice, the nervous groups anxiously await their turns at the mike—yes, for the second consecutive year, the Christmas Sing has been presented on the radio. When everyone has finished, a big sigh is heard throughout the crowd. With this completed, everyone looks forward to finals.

THE LAMBDA CHI'S GIVE FORTH with their presentation.

THE PI PHI'S cheerfully sing "Sleigh Bells Ring."

GIVE WITH THE SMILES, GIRLS—and hold that high C.

THE "AGGIES" INTENTLY WATCH their song leader, Jack Doll.

THE "DG'S" PRESENTED a traditional Christmas song—"Birthday of a King."

"REMEMBER WE'RE ON THE AIR," said the AOPI director, "and smile."

HIGH SCHOOL WEEK

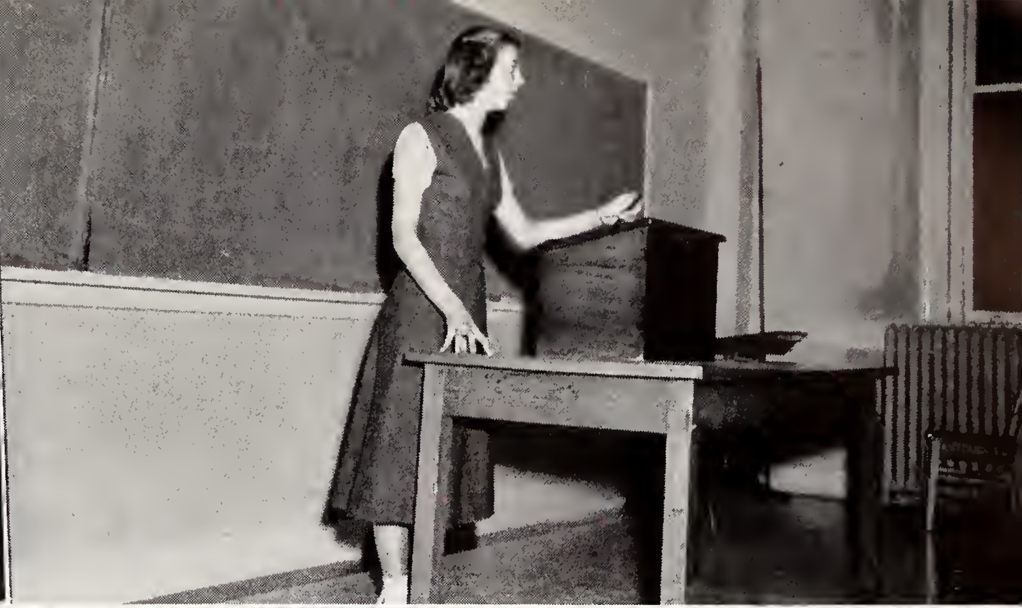
April showers bring May flowers and high school week at M.S.C. However, it is not always the true spring weather because as all Montanans know, it snows in May too! All high school students anxiously look over the campus and a royal invitation is extended by each department to visit their buildings and learn more about each curriculum. They live with and become college students and are subjected to the same conditions. For three days this mad merry-go-round spins fun and pleasure for all the lucky guys and gals on campus.

WHAT DO WE DO NOW? Awed students pause between conferences with various departments.

THIS IS MODERN ART?! The girls seem to be pleased with this display and also anxious to start in on college art.

PERPLEXED HIGH SCHOOL STUDENTS sit and listen earnestly to all that is said. I wonder how much sticks.

WELL, THIS STUFF GOES THROUGH THIS THING and then it's filtered off here and it gives off something else here.



DO YOU THINK CHINA'S INTERNATIONAL RELATIONS PROBLEM IS? Well then let me give you the straight scoop.

IN CONCLUSION, I WOULD LIKE TO STATE—I hope the decision was more than satisfactory to all.

I MOVE WE TABLE THE DISCUSSION INDEFINITELY. These round table talks are pretty deep sometimes.

HEY! I LIKE IT! This looks like it might sound—ummmmmmm, a little more than interesting should I say.

Collegiate debate has some important objectives and results such as the obtaining of attention, the presentation of a convincing and logical argument, the development of a sane and organized train of thought, and the development of speaking poise. The team went to Tacoma, Washington, where they participated in the College of Puget Sound Tournament. There was also a debate held with the Butte School of Mines at Butte in which they placed first. They sponsor the afternoon Forums selected to arouse student interest in current events.

FORENSICS

FLYING WITH THE ANGELS is nothing like this cowboy imagined. Now he's waiting for the horse's next spin.

IS IT A BIRD? Is it a plane? Is it superman? No—just a cowpoke hoping the horse won't hit him.

OOPS SI' DAISY—What is this fellow doing —a high jump or ballroom dancing? The horse isn't in step with him.

THIS HORSE IS LOOKING FOR HIS WATCH he lost last time. Perhaps the cowboy will be looking for it instead.

Early each year the college "waddies" are busy with the book work necessary for the next College Rodeo. When the big weekend comes around in the spring, all the school and some participating from other schools come out for the gala affair. Thrills—chills —broken bones? Although they rent rough stock, these college cowboys know their stuff and can ride anything with four legs and a tail.

COLLEGE RODEO

LITTLE INTERNATIONAL

On the Western end of the campus during Spring quarter there is a busy scene for the Agricultural students. Each year they put on a show that is known as the Little International, in which they fit and show animals. About six weeks before the show is to take place, all of the students who are interested in showing animals sign up and draw for certain animals. Work—but loads of fun.

KEEP HIM UNDER CONTROL there, boy! Those judges don't stand for any monkey business whatsoever.

MY, WHAT A BEAUTY! The Grand Champion Showman being presented the Galt Memorial Trophy.

GAY BLADES—The three clowns are having a "clipping" good time. Like to cut in on them?

ONE, TWO, THREE, LA CONGA! What kind of a Chorus line have we here? Don't get out of step now.

JUDGING TEAMS

The M.S.C. Wool Judging Team represented M.S.C. at Denver in the National Intercollegiate Judging Contest. With seventeen teams participating, they placed second. Bill Boylan placed third in individual judging.

The M.S.C. Dairy Products Judging Team took sixth place with nine teams competing at the Pacific International Livestock Exposition in Portland, Oregon. The contest demanded a keen sense of smell and taste.

A seven-man team represented the M.S.C. Livestock Judging Team at the National Intercollegiate Judging Contest held in Denver, Colorado. With sixteen participating, they placed third in carlot cattle and fourth in carlot bulls.

HONORARIES

WHO'S WHO IN AMERICAN

Recognition by WHO'S WHO AMONG STUDENTS IN AMERICAN UNIVERSITIES AND COLLEGES means that the student was, first, officially recommended from the university or college he attends and then, accepted by the organization.

College juniors, seniors, and students enrolled in graduate courses are eligible for nomination; nominations may be submitted annually by four-year degree-granting institutions. Selection of nominees is conducted by campus committees and usually

MORTAR BOARD

Mortar Board is the senior women's honorary service organization. The members are chosen on the basis of leadership, service, and scholarship. Mortar Board sponsors the family relations course on the campus that has become so popular. During fall quarter they put on a traditional Mortar Board Dance which is "ladies choice "and "ladies treat".

PI OMEGA PI

Pi Omega Pi is the national honorary for students who are working towards a bachelor of science degree in commercial science and the requirement is high scholastic standing. It is trying to promote interest in the department through college functions and high school week activities. Past actions speak for its success.

SECOND ROW, L. to R.—Fred Weber, Bernice Lamb, Leona Barnes, W. J. Hendrickson, J. W. Blankenhorn.

ALPHA TAU DELTA

Alpha Tau Delta is the national honorary society for students seeking a bachelor's degree in nursing and whose members also participate in the Montana State Organization of Student Nurses. This organization promotes high scholarship and desirable qualities for future nurses. When in pain or agony, just call on one of these gals.

SEPTEMVIRI

The outstanding seniors are elected by a faculty committee on the basis of scholarship, personality, activities, and leadership; and membership is limited to seven members in the senior men's honorary. The members of Septemviri are the guardians and custodians of school traditions. They sponsor the annual President's assembly, and review the traditions of the school for the benefit of the student body.

FANGS

Fangs is the M.S.C. chapter of the Intercollegiate Knights, the sophomore men's service honorary. Each year the Fangs sponsor an annual dance at which they pick a Spur of the Moment. A group of boys with a lot of spirit and excess energy—always found helping out at the traditional "M" Day class scraps, and all of the athletic activities.

PHI ETA SIGMA

Phi Eta Sigma is a freshman men's honorary society established at M.S.C. in 1930. Its membership is based solely on scholarship. Each year they publish the most popular book on campus—the guide containing boys' and girls' addresses on this campus. Wonder how these fellows have time to collect so many phone numbers and still study.

THIRD ROW, L. to R.—Val Glynn, Richard McHugh, Gordon Clark, Don Schilling, Russell Holecek, Virgil Durgan.

ALPHA ZETA

Alpha Zeta is a national agricultural honorary fraternity whose purpose is to stimulate and foster interest in agricultural problems. Eligibility for membership is on the basis of scholarship and activities. Each year they present a trophy to the outstanding boy of the freshman class majoring in agriculture. Also assists with Little International.

SPURS

Spurs, the sophomore women's service organization founded on this campus in 1922. It has the distinction of being the only national organization to have its beginning at Montana State College. The pledges are tapped on Women's Day, the requirements being scholarship, activities, and character. They give assistance at all games by ushering and help carry out school functions.

SPORTS

FOOTBALL

It was a rough year on the gridiron for both coach and team. This was Coach John Mason's second year as Bobcat football mentor and proved to be his last as he handed in his resignation in January. At the beginning of the season Mason had hopes of molding a highly potential ball club using the single wing formation, but the team never could click at the right time.

During the course of the season the Cats scored only four times to net 38 points as against the opponents' 221. The backfield lacked those speedsters which are so essential in building a powerful squad while the line seemed to be full of yawning gaps at the most inopportune moments.

FOOTBALL

Utah was the first Bobcat headache as they proceeded to scalp the Cats from the very first play, which soon developed into a Ute touchdown. A razzle-dazzle Utah backfield of freshmen and sophomores did everything but drive the M.S.C. gridders from the field. It was the opening play of the last quarter that put the Cats on the way for their only tally. Jack Moore made the return and two aerials later they stood on Utah's 40, then Nordlund snared a pass from Kennedy and pushed over to score. Utah finished up with eight TDs and seven conversions for a 55-6 win. Mason's men journeyed to the campus of Eastern Washington for their next pigskin fracas.

FOOTBALL

This proved the most evenly matched game of the year. The Bobcats pushed out front 7-0 in the second quarter on the running of Brown and Ragland with Ragland kicking the extra point. After being held immobile on the ground in the first half, EWCE took to the air with quarterback Dale Gier doing the hurling. Eastern struck paydirt first in the third quarter, then twice more in the fourth to lead 19-7. The Cats were taken completely by surprise by the turn of events and didn't get going again till late in the final quarter, when Moore went into the end zone just under the gun ending the game. EWCE won 19-13 and it was a heartbreaker for the Bobcats as they had two touchdowns called back because of an offside penalty and a pass caught outside of the end zone.

In the first Rocky Mountain Conference game of the season the Cats met Colorado College at Colorado Springs where the Tigers went on the rampage during the first half to smash the Bobcats 40-13. CC scored first on a 29-yard pass from Carlo to Boucher, then a few minutes later the Tigers intercepted a Bobcat pass and five plays later drove five yards to score again. In the first period the Cats captured a CC fumble and with Brown and Parac alternating down the field to the Tiger 11 where Parac plowed through to give M.S.C. their first tally. Colorado crossed the goal for three more TDs in the second quarter and again in the third to give them their 40.

With three games away the M.S.C gridsters met the Bengals of Idaho State here for the first home game. Here the Bengals delivered a 19-6 defeat to the Cats. After getting off to a slow start the Bengals swept down the field from their own 34 to score as the first half ended. Early in the third period with ISC leading 7-0 the Bobcats started their march to the promised land after trading a pair of pass interceptions with the Bengals. The Cats waltzed up to the Bengal 20 where Parac delivered a needle threading pass to Jones in the end zone for the lone Montana tally.

Colorado State visited the campus for the second home game and left victorious 24-0. The Bears picked up a Bobcat fumble on the Bobcat nine early in the first quarter and from there CSC quarterback Porter flipped an aerial across the goal into the waiting arms of Schmidt for a 6-0 lead. Late in the second period Colorado raced for five consecutive first downs till the pigskin rested on the Cats' five, then Porter took to the air again with Wall receiving and the Bears were out front 12-0. Only a few seconds later Bear Jim Gabbard snared a Bobcat pass and trotted up to the MSC eight-yard marker where Porter again tossed into the pay-off department, setting the half-time score at 18-0.

Colorado picked up their last TD on a 49-yard sprint by all-conference Les Wall in the third period. Montana State only darkened the door to success once when they pushed 80 yards only to come to a halt on the one-foot line.

Homecoming was next, with the Grizzlies on hand to spotlight the gala event. The Grizzlies drove across to score on the first play but the Cats managed to hold them down after that till near the end of the half. In the second quarter the weather turned for the worse with driving snow and from then on Montana U. went berserk, scoring right and left.

In snow flurries and numbing cold the Bobcats played Western State of Colorado in the season finale. Both teams were winless and in the cellar of the Rocky Mountain Conference. Western used the airways to conquer Montana State 26-0 with Stan doing most of the passing.

With the closing of the season Jim Nordlund and Jim Brown were named All Conference.

BASKETBALL

Montana State again climbed the ladder of Cage success in the 1951-52 season, sharing the Rocky Mountain Conference crown with Colorado State, winning the district NAIB playoff, and finally journeying to Kansas City for the NAIB tournament where they won their initial engagement with American International and were finally tripped up by powerful Hamline University.

In 420 games Coach Brick Breeden has guided his men to a .614 winning percentage to capture seven clear State titles, four ties, and five RMC titles, plus this year's split with Colorado State.

Big Chuck Mitchell was labeled RMC courtman for the year and was high point man in the conference with 433 points in 36 games, 116 in RMC play. Mitchell and Bob Miller were both given first team births in the league with Tom Parac holding down a spot on the second squad. Perry McCahill and Jerry Gleason received honorable mention and sophomore Parac was selected as one of the most promising prospects for next year.

Montana State's ace in the hole, mighty bantam Joe McKethen, was disqualified after the first conference fracas on the grounds of playing in his fifth year of college court sport. Joe passed the 1000 point mark early in the season and was well on his way to set a new MSC scoring record when he was dropped from the roster.

THIRD ROW, L. to R.—Bob Baldwin, Holgrim Holo, Joe McKethen, Max Amberson, Don Glynn, Coach Brick Breeden.

SECOND ROW—Gerry Gleason, Bob Miller, Tom Parac, Bucky Lloyd, Don Moody, Tom Mcoughy.

FIRST ROW—Tom Bleakly, Jim Mitchell, Gary Miller, Perry McCahill, Chuck Mitchell.

SWISH!! Wyoming scores again in clash with cats under the net.

RIDE 'EM CAGERS! Bobcats and Cowboys whoop it up in cage rodeo.

Breeden's Cats blasted their way to victory 22 times in 36 tries, averaging 65.58 points per game for the highest per game average since the change over from the center jump system.

Opening the season the MSC quint ran head long into a green squad from Northern Montana. This was a two-game series in which the Bobcats mauled the Lights 84-36 and 73-32. Traveling south the following weekend, Utah U. played host to the Cat cagers in another two-game series. The Utah crew of Redskins held to its reputation as being a tough customer and edged the Cats by a narrow margin in both meetings.

Miller

Following their defeat in Utah the Cage Cats moved to North Dakota to match skill with the Bisons of North Dakota State for the first time since 1947. The MSC cagers emerged victorious only after a terrific battle carrying into an overtime period where the Cats jumped out front by three points to win 56-53. Next the Bobcats went to Fargo to help North Dakota U. dedicate its new fieldhouse-gymnasium. The Sioux took the first game, allowing only four Cats to hit baskets. Montana State avenged its loss by taking the second game by a narrow margin, 77-74.

McCahill

Powerful Wyoming challenged and defeated the Bobcats in the next three court sessions in a tri-city tourney. The first game was here where a capacity crowd witnessed a defense strong Wyoming squad against a hoop missing Cat quint. Missing the free ones spelled

the M. S. C. downfall. Traveling to Powell, Wyoming, the Cats led in the first quarter but from then on the Cowpokes controlled the floor for an easy 84-54 victory. Finishing the three game series in Worland, Wyo., Montana State's five fell under the smothering fire of Cowboys Samuelson and Radovich.

A fiery crew from Sacramento State clashed with Breeden's men in the final game before the Christmas holidays. The squad from California was far more powerful than expected and breezed by the flu stricken Bobcats 57-45.

Gleason

After Christmas the Bobcats and Eastern Washington hit Great Falls, Havre, and Glasgow in a three-game series. The first game got off to a slow start, then speeding up the scoring the lead changed hands almost as often as the ball. In the second half McKethen gave the Cats a scoring punch and M. S. C. were victors 84-81. Both of the remaining tests were won by the Cats only after closely fought battles. Returning to the campus, the Cat squad stopped off in Fairfield to give Holgrim Holo's home town fans a thrill by matching skill with the Fairfield Merchants' Club.

Next the Bobcats met Idaho State in a seesaw game in which the lead changed hands no less than 20 times in three quarters. Pulling ahead in the fourth period

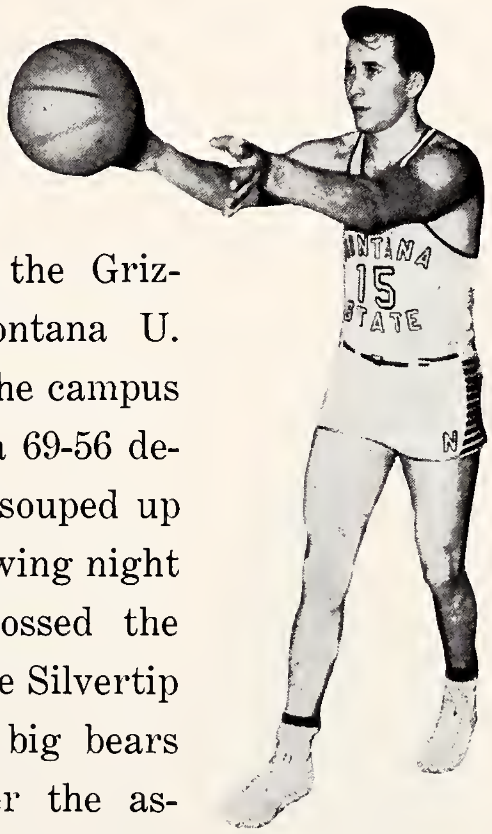
the Cats clipped the Bengals 74-69. The second test against ISC was the first league encounter and the Cats, determined to win it, never let the Bengals ahead after the second quarter.

Without the services of disqualified kingpin Joe McKethen the disheartened Cage Cats tore into Colorado College in two RMC contests. In the first game the Bobcats came through with a 62-47 win. With new confidence the Cat Cagers poured on the coal and ripped through the Tigers 92-54. Following CC the Western State Mountaineers landed on the campus and absorbed two conference defeats in which everyone on both sides got into the one-sided tussle.

Lloyd

The Bobcats were host to Seattle University the following week and bowed out to the mighty coast squad under the leadership of Johnny O'Brien.

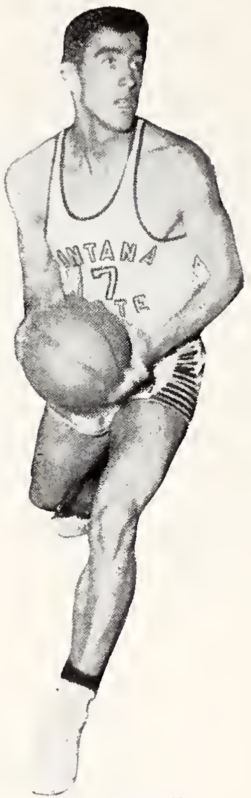
Those foes of long standing, the Grizzlies from Montana U. strutted on to the campus next to suffer a 69-56 defeat under the souped up Cats. The following night both quints crossed the mountains to the Silvertip lair where the big bears romped all over the astonished Hoop Cats in a foul studded battle. On the road the next week the Cats whipped the Bengals of Idaho State for a season total of four wins over the potato growers.



Parac

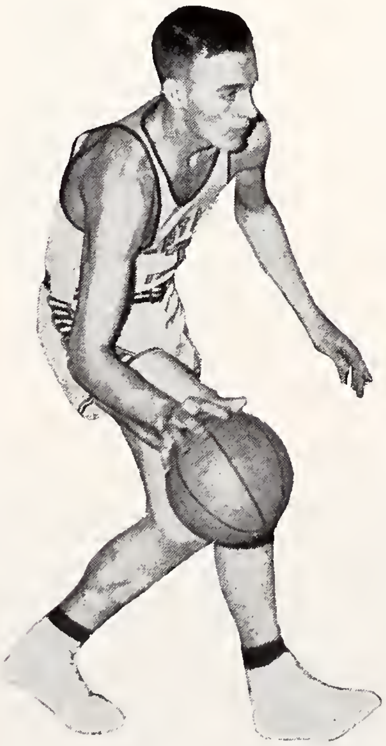
With six conference wins the Cats charged into the cagers from Colorado Mines to grab their seventh straight. In the second game all was going well for the M.S.C. five when the Orediggers got up steam in the final period and toppled the Bobcats in an overtime.

The Cats moved on to Greeley, Colorado, where Colorado State crawled up from behind and snatched the conference lead away from the dismayed Cage Cats. M.S.C. led till late in the third period when the Bears caught up and pulled ahead to win 52-48. In the conference finale the determined Hoop Cats plowed into the C. S. Bruins to clinch a 59-41 win and a split in the Rocky Mountain conference crown.



J. Mitchell

After nearly a month of off-the-campus tilts the Bobcats returned to overrule the Aggies of Utah State in a two gamer. The Cats took an easy win over the Aggies' second team the first night, under the leadership of Miller and Mitchell. The second contest was of a different nature as the Cat Cagers squeezed by for a narrow 57-53 win after trailing the Farmers most of the tourney.



Moody

Next NAIB playoff Montana State ripped up the hopes of Rocky Mountain College of Billings to attend the annual NAIB tournament in Kansas City. The RMC squad was outclassed all the way. With 88-63 victory the MSC quint was off to Kansas City to match skill with the Nation's best.

Kansas City's NAIB tourney opened with MSC matched against American International of Massachusetts. The Easterners managed to make it a contest for only 15 minutes, after that a tight Cat defense held them down as Holo pushed up 23 points for an 82-66 victory. Breeden's quint met high powered Hamline for their second NAIB appearance and the Pipers took an easy win, marching out front 20-11 in the initial ten minutes. Bob Miller thrilled the crowd with uncanny set shots from all over the floor, while McCahill turned in an exceptional performance under the backboard. With an 85-72 defeat the Bobcats ended a remarkable season and returned to Montana to hang up their gear till next year.

Bleakley

With the closing of the season the Cats looked back on a season in which they won 61% of their games and averaged the most points per game of any Bobcat quint. Prospects for next year are promising and fans look for a colorful season.

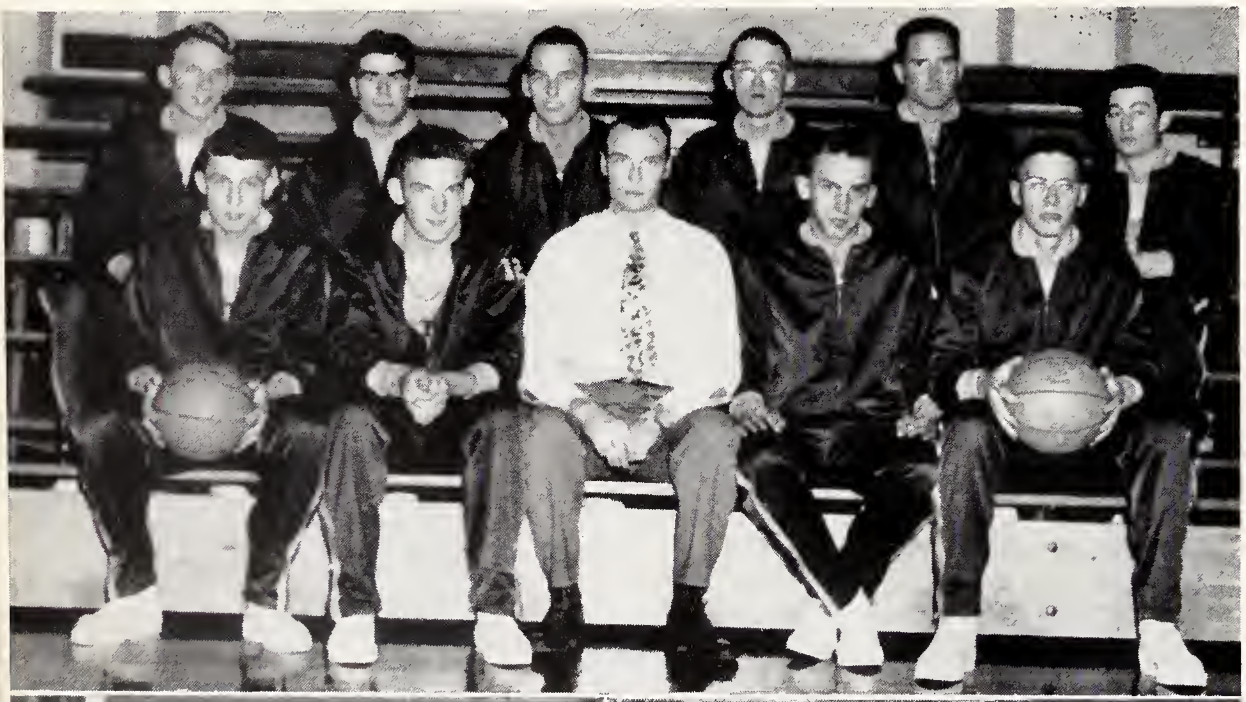
FIRST ROW—Earl Fred, Clint Nagode, Coach Jinx Anderson, Gene DeCosse, Jim Thompson.



WHO'S BALL? Anybody's guess is a good as ours.

LET ME HAVE IT, just this once will you?

Prep coach "Jinx" Anderson led his Kittens through a rough workout this year in preparation for varsity service in the 1952-53 season. The Bobkitten schedule held 13 games and with the exception of one contest with Park County High and two with Johnson Construction Co. all were with college varsity squads.

Opening the season in Livingston with the Park County High five, Jinx held his men down to a slow game ruling out the characteristic fast break. The Rangers held the lead through the entire first half, entering the third stanza with one tally to the good. Every member on the squad saw action in the second half, in which the Kittens climbed ahead and led the remainder of the tourney.

Tackling the Johnson Construction Co. cagers, a local independent club, the Bobkittens ran into several ex-Bobcat courtmen and overpowered them in a fast moving game 52-36. Johnson struck back for revenge in the second test and battled through a tightly played game to win by three points.

Off to Wyoming and a four series the Kittens met Northwest Center in the first college encounter of the year. The Center quint was bubbling over with zest and topped the less experienced Montanans with little trouble in the first clash and returned the following night to make a repeat.

FRESHMAN BASKETBALL

Journeying on to Casper, Wyoming, and another first rate college varsity squad from Casper Junior College, the Kittens ran into a somewhat weaker ball club but they too were a little too tough to crack.

In the first meeting Casper pulled out front for a ten-point victory and in the second battle it was a close fight with the Casper squad finaly winding it up 54-50.

After lying idle for three weeks the Kittens moved north to Great Falls College of Education and tackled a little known team who as expected turned out to be a toughy. Jinx sent two separate quints into the fray, giving everyone a chance to participate. In the two tests Great Falls romped out on top 68-56 and 52-41.

Casper Junior College plodded on the campus in a return engagement and the Cats, all fired up, got revenge for their two defeats in Wyoming. Casper was cold to start in the initial game and the Kittens led all the way, stalling throughout the fourth period to win 56-43. Game number two was a close match but the Kittens came through again for a three-point decision.

Finishing the season here the Kittens entertained Northwest Center, who under the leadership of a pair of basketball midgets, held the MSC squad under every inch of the way except for a few moments in the second stanza. Center came back at the Kitten Cagers in the last contest to spell out defeat once again, 50-44.

This season turned up some very promising material for future varsity quints especially in the persons of Kittens Max Amberson, Don Glynn and Wendel Mcody, who also made a number of varsity appearances during the year. Nine men were awarded numerals and the above three earned their "M's."

SKIING

Skimming across the frozen paths of the snow-shrouded mountains, M.S.C.'s men of the hardwood slats opened their season in Banff, Alberta, with a week of training under the watchful eye of Coach Bob Beck. The first big meet was the International Intercollegiate Invitational sponsored by the University of British Columbia. This tourney is usually pitfall for the Cat snowbirds in the way of injuries, but this year they escaped without a scratch. They didn't take any notable honors, but gained much in experience from this "Triple I" meet.

Traveling to Steamboat Springs, Colorado, and another invitational, this time sponsored by the Universities of Colorado

and Wyoming, the hickory masters ran into a cloud of confusion. When they arrived at the snow-packed Colorado ski hill they made the startling discovery that the meet was still a week off. Being unaware of the change of dates, there was nothing to do but make a couple of practice runs and head back to Montana, giving up their intentions of entering the meet.

With spring drawing near, the Bobcats closed up shop by copping seventh place in the Rocky Mountain Conference ski tourney at Gunnison, Colorado. Montana State's crew picked up number six spot in the cross country, jumping, and slalom.

GYMNASTICS

MSC students will remember this year's Gymnastics team for the entertainment they provided during half-time performances at last season's basketball games. Under the able head of Coach Bob Flieger, the team thrilled and pleased the crowd with demonstrations on the flying rings and the high bar.

In competition the Cat team did not fare so well, mainly because of lack of experience. They competed in two dual meets and the Rocky Mountain Invitation Meet. The team was beaten in both of the dual meets, by Colorado A & M, 68-25, and by Washington State, 63-30. In the Invitational meet, MSC placed fifth of six teams, beating Colorado A & M.

Earl Egan, side horse expert, entered the National Collegiate Athletic Association meet at Boulder, Colorado. He placed fifteenth in that national event. During his period of college competition, Earl has consistently either won the side horse event or placed close to the top in all meets he has entered.

The team will lose several mainstays by the graduation route, but Coach Flieger has been training new hopefuls to keep the team rolling.

EASY DOES IT—Herb Ewald on high bar.

WRESTLING

Coach Max Kimberly's Matmen did far better than expected this year and ended up with a .500 average for five meets. A full squad was entered in competition and proved to be an advantage over undermanned teams of the past few years.

MSC's men of muscle out-grunted Idaho State on two occasions, 11-8 and 17-6. The first match was held on the Bengal campus and the underexperienced Cats overpowered the ISC squad with little trouble. MSC was host for the return contest and the Bengals were held to two bouts out of seven.

Utah State and Idaho State proved too tough for the inexperienced Mat Cats and both squads overran the Cats 22-5. Against Washington Cramer got the only clearcut victory and Benson took a draw in the 177 class.

Ending the season the Bobcat crew traveled to Gunnison, Colorado, and the Rocky Mountain conference mat tourney where MSC snared third place honors. The eight Cat entries took part in 17 matches to bring home seven medals, one first place, one second, two thirds, and three fourths.

Bob Quenemoen grappled his way to the 123-pound title, becoming the second Bobcat ever to grab such distinction.

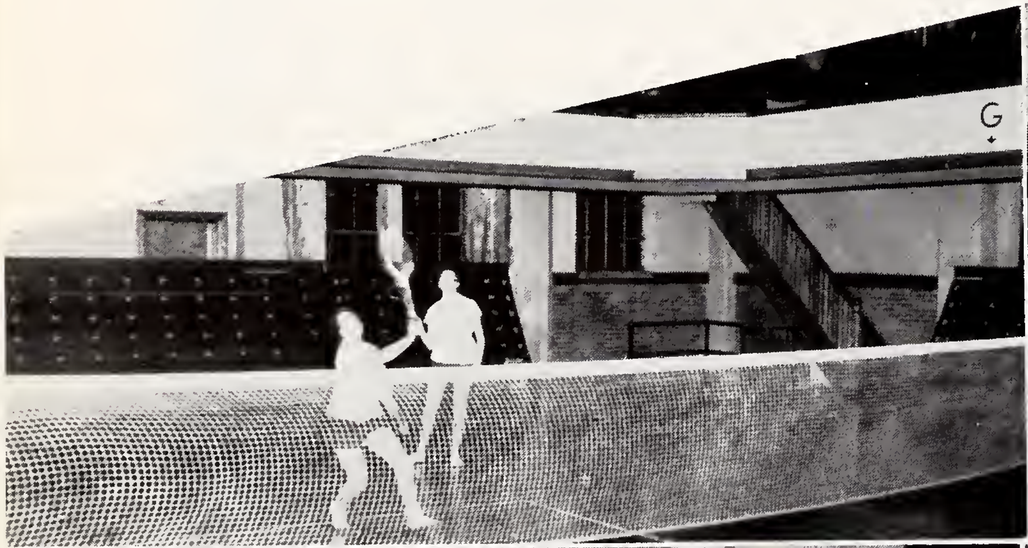
WOMEN'S SPORTS

All sports minded co-eds at Montana State College have their chance to enjoy the varied program of team and individual sports such as swimming, tennis, volleyball, basketball, softball, archery, and others. The Women's Athletic Association organizes Freshman, Sophomore, Junioir and Senioir teams in volleyball, basketball, softball, and dancing during Fall, Winter, and Spring quarters. Practice games and tournaments are held Monday through Thursday afternoons at five o'clock in the auxiliary gym and on the girls softball diamond. A Clinic is held at the beginning of each quarter to train girls to officiate at these games. All officials must pass the practical and written tests before they are granted ratings. Miss Lucille Clydesdale is our capable advisor.

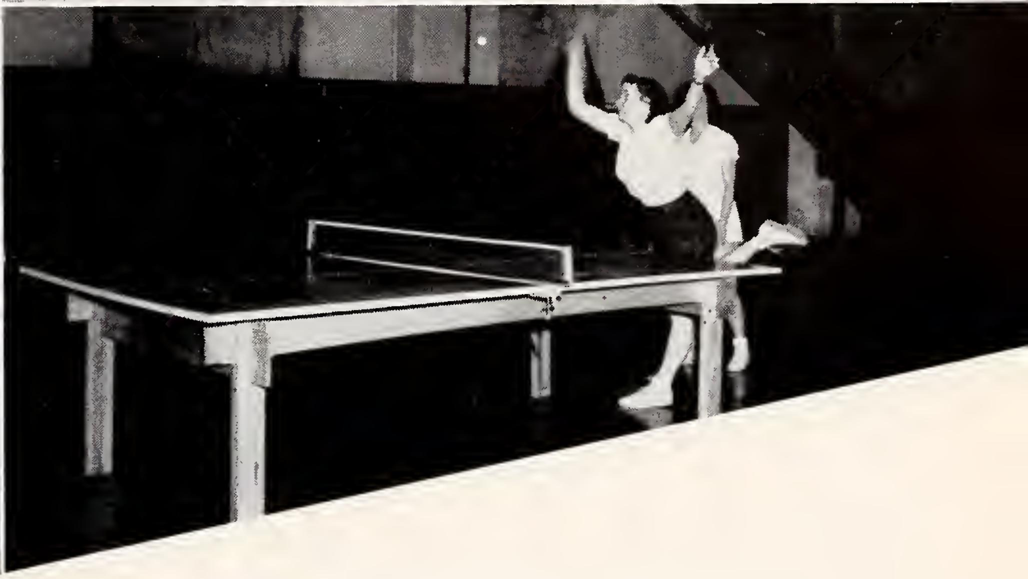


WATCH THE BIRDIE—these gals are playing in a doubles badminton tournament for W.A.A. points.

DON'T DROP THAT BALL—Looks like a back-hand shot. Hope she makes it.

STEADY GIRLS—that's her head! We don't need any broken bones. What's it supposed to be?

THIS IS A FANCY PYRAMID—The girls on the bottom seem happy, so it must not be too bad.



CAREFUL AIM THERE!—A miss could mean trouble. They have the form well in hand.

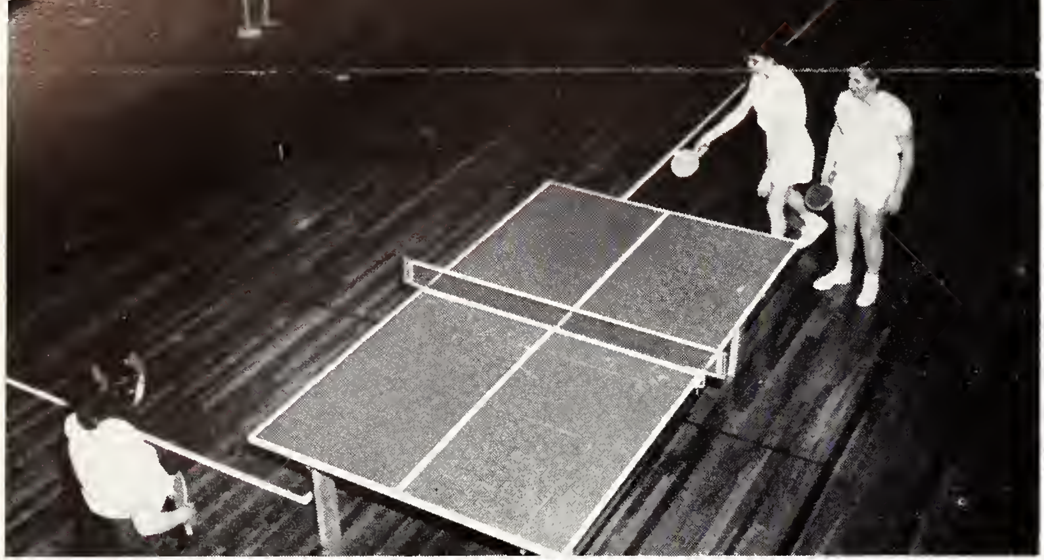
WATCH OUT, SHE'S GOING TO SLAM THAT BALL—Her opponent will have trouble beating her in ping pong.

TUMBLING TUMBLEWEEDS—I say, who's going where? What do they have in mind?

IT'S A BASKET—WELL ALMOST ANYWAY. Just look at those girls jump. Who's ball will it be?

Miss Clydesdale and the W.A.A. council take charge of the sports activities, for which the Hamilton Trophy is awarded. The Hamilton Trophy is awarded to one of the campus organizations. Individual awards of the Bobcat sweaters, Swimming suits, Bobcat Blankets, Chevrons, and the choosing of the Gold and Silver Basketball teams come under the jurisdiction of the W.A.A. Council. For all the Mermaids we have the Dolphin Swimming Club. Members usually belong to the rhythmic swimming classes. Each Spring quarter the Dolphins give a water pageant under the direction of Miss Dorothy Kennemer. Also in the spring of each year the W.A.A. organizations of all the different colleges and universities of Montana sponsor a Play Day.

WOMEN'S SPORTS



YOUR TURN NEXT—a doubles being played off in the ping pong tournament. Wonder who will win?

WISH MY SWIMMING POOL WAS FURNISHED. Looks like some synchronized swimming practice.

THE HEAD TRIO with balancing beauties to match. Turn the book upside down to see what they look like.

HERE'S TUMBLING TUMBLEWEEDS AGAIN. That front girl seems interested in something over in the corner. Who?

Ten delegates from each school are selected for their ability and knowledge of the sports to be included in this Play Day.

Modern Dance is available under the guidance of Miss Josephine White whose techniques and creative ideas are developed in each girl. Miss White holds a recital each year to which we fans all try to go. Many of the girls from her classes have performed at variety shows on campus. A modern dance routine has also been included in one of the quarterly plays and it was very well received.

Again along the competitive line the Dual Swimming Meet is held between Montana State College and Montana State University. It is held alternate years on each campus. In preparation for this year's meet, Montana State College held a competitive

race for all girls interested in swimming. Quite a few girls turned out for the meet. Miss Patty Lou Miller came out on top with honors.

Miss Marga Hosaeus guides the girls in preparation for the public appearances they make. For posterity's sake we have made movies of the various sports activities. These will be available for any girls interested in seeing them. They may prove interesting to the girls going through high school week, if there is time.

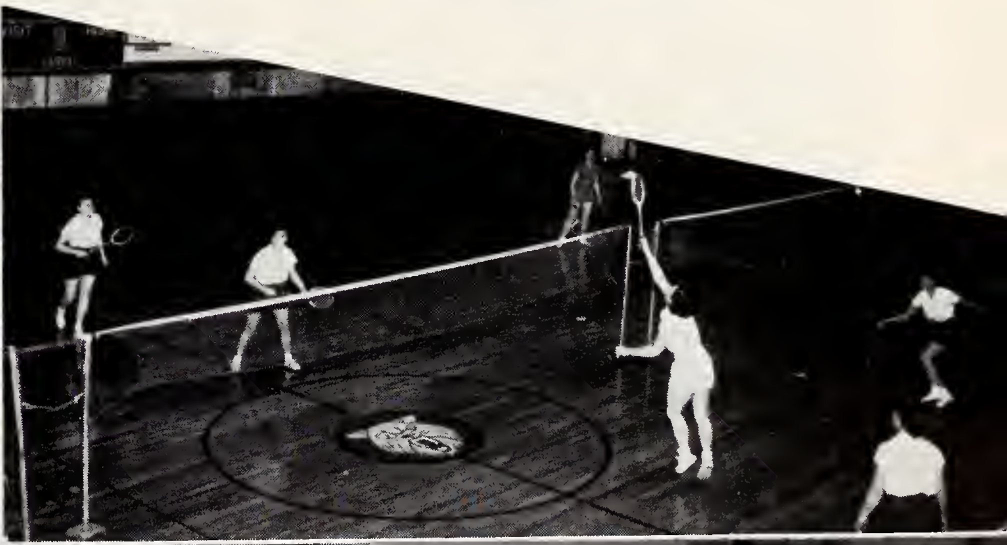
There is an organized tumbling team open to all especially interested in tumbling skills. The girls learn and practice all kinds of tumbling stunts. In fact, there are so many athletic activities for girls to participate in that the department is always open. Come up and enjoy yourself anytime.

WHAT A CONSTELLATION! Wish I'd been around to see some of the practices for this show. Bet they were fun.

SUCH LINES! WHAT STRUCTURE! I'm looking at this artistically, of course. And balance is perfect, too.

ANYONE FOR TENNIS? Sorry, mixed my games. This seems to be badminton. Oh well, anyone care for a set?

WOW! WHAT FORM! Wouldn't mind getting in on a game like that myself, sometime—anytime!



INTRAMURALS

CROSS COUNTRY: Alpha Gamma Rho flooded the cross-country with track stars and captured a unanimous win over all other competition. A.G.R.s Jerry Border clipped off the 2.8 mile course in 16.7 minutes to take individual honors with Pi Kap, Dick Corteau close behind to grab second place. The A.G.R.s copped five of the first ten spots in the event in which 67 of the 125 entrants finished.

FOOTBALL: Sigma Alpha Epsilon and Kappa Sigma never quite managed to swing a grid playoff and wound up sharing the flag ball crown. S.A.E. was king-pin of the Gold league and K.S. led the Blues. The tennis shoe squads changed from touch to flag football a year ago and the new system seems to be working very well. In flag ball the ball isn't declared dead until a flag is snatched from the Pigskin carrier's belt.

FOOTBALL, Center, Second Row—Bob Saunders, Bud Yost, Bob Peterson, Bill Hupp, George Snow, Elliott Dybdal. First Row—Don Omlie, Bob Smith, Reed Heald, Ed Hughes, Cecil Holland, Noral Johnson.

INTRAMURALS

WRESTLING: Kappa Sigma's grunt and groaners grappled their way to first place in the three-day intramural mat tourney with Pi Kappa Alpha and Alpha Gamma Rho next in line. Wrestling coach Pat Dolan started the contest off by describing illegal holds and from there on the matches progressed two at a time 'til everyone had had a chance to display his brawn.

VOLLEY BALL: Batting the air-filled sphere back across the net to outfox their opponents gave the Kappa Sigs another first, this one in volley ball. These tourneys were divided into two leagues giving an organization a chance to enter two teams, one in each league. The games took place in the gym at night and two contests were in session at the same time. It may have been confusing, but the Kappa Sigs didn't seem bothered.

BOWLING: Bowling was a weekly event at the local alley where the league teams met Friday afternoons to take a try at downing the pins. After a season of many strikes and gutter balls, the Kappa Sigma squad evolved the victors.

SKIING: The wind blew and the snow flew, leaving the mountains with a new coat of the white powdery stuff for the intramural ski tourney. Five squads of Slatmen made their way to Bear Canyon to show off their skill as snowbirds. Sigma Chi strutted away with both team and individual honors. Jim Pasha was individual winner.

SWIMMING: Lambda Chi Alphas aqua men adjusted their water wings and took to the wet to capture top honors in the nine event swimming meet in the gymnasium pool. The Lambda Chis snared six firsts out of nine to ace out the second place Co-op squad by 13 points. Six organizations competed in the meet, which brought out top notch swimmers.

BASKETBALL: Three leagues composed the basketball loop; an A, B, and C units. The Rebels out-dunked the opposition to pick up number one spot in the A league. B league honors fell on the H and PE Club while the Engineers fought their way to the top of C. In the playoff for the trophy the Rebels came out the winners.

SOFTBALL: 1951's Softball crown was captured by the Veterans in a playoff test with Sigma Alpha Epsilon. An independent and a fraternity league were entered in the diamond competition with the vets snatching the independent lead and SAE topping the frat roster. Sorry we were unable to get a picture of the vets.

BOB FLIEGER
Coach

This was Bob Flieger's last year as Intramural Supervisor as he left his post to enter business in Colorado. Bob came to Montana State in 1946 and since then has served diligently and efficiently as intramural and gymnastics boss. The coach is known for his smiling friendliness and will be a great loss to the department.

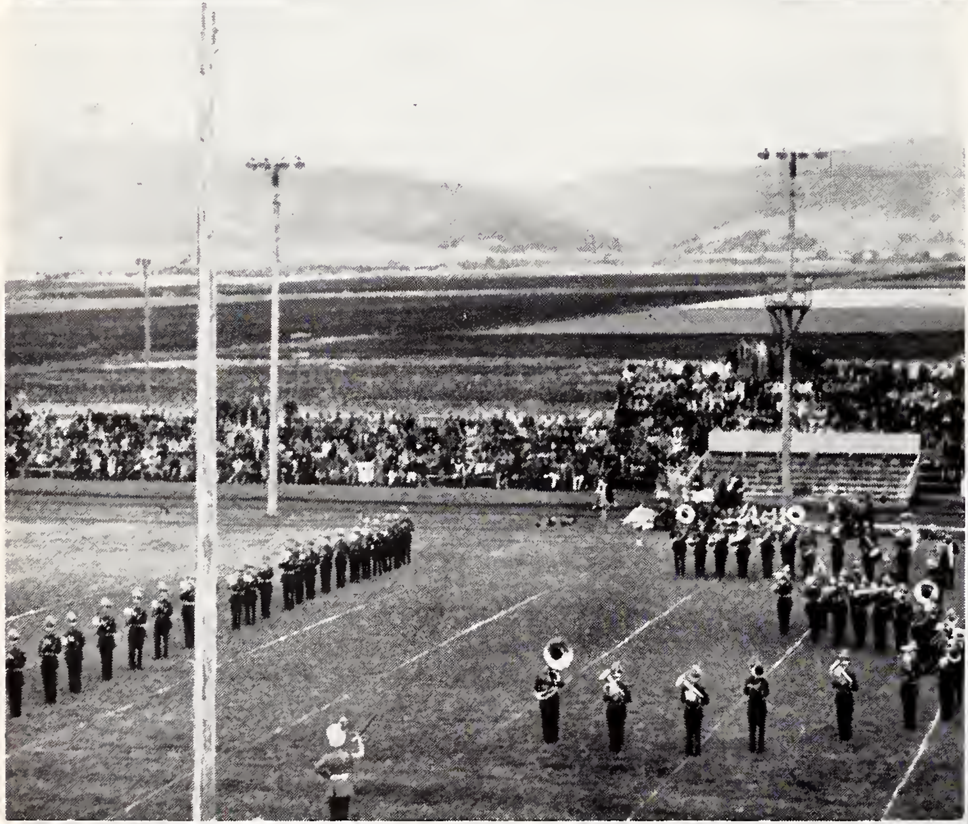
Here and There

TARGET PRACTICE THE EASY WAY?— Somehow this set-up doesn't seem quite advisable. What happens to the man behind the target?



READY, AIM, FIRE! The band is saluting the grandstands with a song and a fancy formation of some kind or another.

AHHHHHHHHHHH! I believe the camera man caught the chorus in the midst of a song. The back rows don't seem to be singing, however.

ANYONE FOR BASKETBALL? Winkie was fun to play with if you had the intestinal fortitude. Did you ever see such an eager looking beaver?

KNOW MONTANA . . .

MONTANA'S FIRST PUBLIC SCHOOL

Historians record that the first public school was opened December 12, 1864 in Virginia City, when the first school district of the Montana territory was formed.

However, prior to that time, in the fall of 1863, a school had been established in Bannack by Lucia Darling. It was in the back room of her family's home. The enrollment was less than 30 pupils. Records do not reveal the method of financing the school but it is assumed that the school was supported by subscription and more than likely payments were made in gold dust, the most common medium of exchange of the period.

Only a few books were available for use in the class. These were the books carried west by the pioneers and treasured throughout their lives. Classes were held during morning hours only and not at all during the colder winter days.

In 1864 the Darling school was transferred to a log cabin on the banks of Grasshopper creek. The structure was built by Charles Sackett and Richard Fenn. Later this building became the property of the United States and was used as a Senate committee room for the First Territorial assembly.

A "Common School System for the Territory of Montana" was established in an act signed by the territory's first governor, Sidney K. Edgerton, on Feb. 7, 1865.

Among the early-day teachers of the territory were Miss Darling, Professor T. J. Dimsdale, Oxford graduate and teacher at Virginia City who became first head of territory education; Mrs. Thomas Watson, William Mitchell, Kate M. Dunlap and Michael Roach.

TO SERVE MONTANA

The Montana Power Company is growing with Montana, as it has been growing in the 40 years it has been serving the people of this State.

* * *

During the past year, we completed the Frank Bird steam-electric generating plant at Billings . . . and we now are constructing a third generating unit at our Kerr hydroelectric plant near Polson.

* * *

These construction programs add 122,000 kilowatts to The Montana Power system. They are part of our continuing program to provide generating capacity ahead of the needs of our customers . . . to assure you ALL the power you need, WHEN you need it!

Dear Students . . . .

To the individual student may this letter be the formal presentation of the 1952 MONTANAN. This year in spite of the financial difficulties encountered, we have tried to give each student a book capable of refreshing memories during the year. The experiences during the past year will linger as memories for many years. A non-partisan yearbook has been our goal by not discriminating between any groups of individuals.

The success of a yearbook is due largely to the people who have no direct contact with the students and are namely the printers, engravers, cover manufacturers, photographers, and student staff members. To these persons, our appreciation and many thanks, Frank Cross and Bill Remington of REPORTER PRINTING AND SUPPLY COMPANY who gave us the fine quality of printing in the book. To Howard Vierling and Al Salisbury of ARTCRAFT ENGRAVING & ELECTROTYPE COMPANY for their invaluable assistance in helping with the design and layout found throughout the book. Also to Bill Retchin of the S. K. SMITH COMPANY for his aid in designing and furnishing the cover.

Students who have been working and helping in any way possible are Don Elwell, Business Manager; Bud Buell, Associate Editor; Wayne Bird and Jerry Aanes, Photograph Editors; Joe Lavender, Advertising Manager; Jack Rogers, Sports Editor; and Pat Eden, Women's Sports Editor. These students and their staffs are due much credit for the fine job they have done the past year. Also appreciation goes to the down-town photographers of Linfields Studios, Schlechten Studios, and Lovelace Studios for their fine cooperation and fine quality of work they have produced for us throughout the year.

In closing, final thanks goes to the Student Body for placing me in the responsible position of producing the 1952 MONTANAN. The value of this satisfaction cannot be rated easily. In the future may this book serve as a reference of pleasant memories and friends which we have tried to incorporate in the 1952 MONTANAN.

Sincerely yours,
Don Copley, Editor
1952 MONTANAN
